

Antioch Defeated by Barrington in Regional At Libertyville 91-56

Sequoits Beat Grayslake in First Game 65 to 56; Bronchs Champs

Antioch's basketball season came to an end last night with a loss to Barrington at the Libertyville Regional tournament 91 to 56.

The Bronchos, regarded as one of the top teams in Lake county played a brand of ball against which the Sequoits were unable to establish a defense with the result that by the end of the first quarter, Barrington had taken a substantial lead from which she was never headed.

The first quarter ended 21 to 12, the first half 44 to 28, and the third quarter 63 to 39.

In the final quarter Barrington's coach used substitutes, who continued the fast scoring pace. Herbst and Thorpe were high scorers with 21 points each.

The box score follows:

Antioch	FG	FT	PF	TP
Hanke	6	3	5	15
Dittmer	5	0	1	10
Herbst	8	5	2	21
Behrens	0	4	3	4
Roach	0	1	2	1
Fyles	2	1	1	5
Magiera	0	0	2	0
Total	21	14	16	56
Barrington	FG	FT	PF	TP
Berg	5	1	1	11
Bohatka	6	6	3	18
Thorpe	10	1	2	21
Fink	4	0	4	8
Berderski	6	0	4	12
Gardner	1	1	2	3
Esh	2	0	0	4
Hutchings	0	4	0	4
Kinnarson	1	0	0	2
Johnson	4	0	1	8
Total	38	15	19	91

ANTIOCH 12-14-13-17-56
BARRINGTON 21-23-19-28-91

Loss to Warren High

The Sequoits ended their conference season with a loss to Warren Blue Devils here before a large crowd Friday night 76 to 69. That the Warren team is going its best was evidenced Monday night when the Blue Devils won from New Trier, a much larger school, 84 to 66 in the opening of the regional tournament at Waukegan Tuesday evening. Antioch's defeat dropped her to third place behind Grant and Warren.

Antioch put an end to the old saying that one team cannot beat another team three times in one season when the Sequoits won from Grayslake Rams in the regional at Libertyville Monday night 65 to 56.

Shut Out Rams in First

The Sequoits shut out the Rams from the field in the first quarter and the Grayslake scoring was limited to four free throws, making the quarter score 13-4. Antioch led all the way until in the fourth quarter when Grayslake closed the gap to 54-50, and then 59-54 with 30 seconds to go. Six free throws for Antioch and a layup shot for the Rams during that period gave Antioch the advantage.

While Antioch was beating Grayslake Barrington won from Waukegan 81 to 45, bracketing Barrington with the Sequoits for last night.

On Tuesday night Grant squeezed by Ela-Vernon 57-50, bracketing them against Libertyville. A victory by Libertyville last night would match Libertyville and Barrington in the finals, which was the forecast at the opening of the tournament. Barrington is expected to win the tournament.

National Honor Society Elects New Members

New members of the National Honor Society were selected by the Antioch Township High School faculty recently. They were chosen on the basis of leadership, scholastic ability, and possessing a grade average of 3.5666 or better.

The seniors selected are James Berke, Art Hanke, Karen Rentner, Judie Pyles, Richard Jonas, Nancy Wetterberg, Donna Gibbs, Rose Ellen Furlan, and Mary Forbrick.

The juniors are Sonya Pickus, Paul Magiera, Bryan Cain, Steve Aschenbrenner, Janet Keisler, Faye Mann, and Elaine Christensen.

The seniors elected last year are Frank Ferdon, Paula Zeien, Dave Mitchell, Joan Burton, and Tom Sanhamel.

Albert Barnstable, father of Russell Barnstable of Antioch, was taken to Victory Memorial Hospital, Waukegan, Monday, following a stroke which he suffered on Sunday at his home on Bishop street. Reports today are that his condition is improved. His son Dale and wife of Louisville, Kentucky, arrived in Antioch Wednesday.

New Antioch Township Republican Men's Club Headed by Herbert Horton; Ted Kaptain, Sect'y

Herbert Horton was elected chairman of the newly formed Antioch Township Republican Men's Club at a meeting Tuesday evening in Guild hall of St. Ignatius church.

Other officers are Walter Delany, first vice chairman; Edgar Simonson, second vice chairman; Robert Webb, treasurer; Ted Kaptain, secretary; and Peter Matteoni, sergeant-at-arms.

Membership lists were opened at this meeting.

Chairman Horton announced today through Secretary Kaptain that the club will present to the Republican voters of Lake county its views, based on the thinking of the members of the club.

"This marks a new era in Antioch Township Republicanism," Horton said.

All Antioch Township Republican men are invited to join the club, and any correspondence to the club may be addressed to Box 555, Antioch.

The next meeting has been set for Tuesday, March 11, and all candidates are invited to be present.

Girl Scout Exhibit at Antioch High School To Be Held March 15

More Than 1,200 Girls From Seven Communities To Display Products

More than 1,200 Girl Scouts from seven communities will unite to present the Eighth Annual Lakeside Council Girl Scout Exhibit at the Antioch Township High school from 12 noon to 5 p. m. on Saturday, March 15. Timed to coincide with Girl Scout Week March 9-15, it is open free to the public.

The purpose of this exhibit is to promote better public relations between Girl Scouts and the communities. The theme "You Can Count on Her" gives the Lakeside Council an opportunity to demonstrate the ideals of harmony and better understanding between the girls and their homes and their communities. The exhibit also enables the council to show the skills and knowledge the girls have acquired through the Girl Scout Program, and will open the possibilities of future membership to interested adults.

Each year at this event, Troops from Antioch, Fox Lake, Gages Lake, Grayslake, Ingleside, Lake Villa, and Round Lake, make presentations to the Juliette Low World Fund. The money, donated in the name of the founder of the Girl Scouts, being used to promote International Friendship throughout the world.

Juliette Low, who founded the Girl Scout movement in Savannah, Ga., on March 12, 1912, was more than 50 years old when she began her work with youth. She was a widow, childless and had no formal training or preparations for her new venture, yet in a few years she had firmly established a nationwide youth movement for girls which today has grown to more than three million members.

Lake County Will Have 29 New Precincts In Election This Year

Springfield, Ill.—Illinois will have a total of 9,859 election precincts in the April 8 primary election, an increase of 271 over the number for the 1956 general election. Secretary of State Charles F. Carpenter announced today.

Twenty-four counties showed increases, while two counties had decreases.

The increases were: Adams, 3; Christian, 9; Cook, 148; DeKalb, 1; DuPage, 27; Jackson, 2; Kane, 5; Kankakee, 4; Lake, 29; Macon, 8; Macoupin, 2; Madison, 12; Marion, 1; Massac, 2; McHenry, 3; McLean, 2; Ogle, 1; Pike, 1; Sangamon, 6; Shelby, 1; Tazewell, 8; Wayne, 1; Whiteside, 3; Winnebago, 15.

The decreases were: Champaign, 1; Peoria, 22.

Mrs. Ralph Gresens Leads Cancer Crusade

Mrs. Ralph Gresens, 928 S. Main street, has been named chairman of the 1958 Cancer Crusade in Antioch. Mrs. Wm. Brook, Rte. 21, will act as associate chairman. The announcement was made today by Dr. Kenneth E. Hamlin, Jr., of Abbott Laboratories, 1958 Lake County campaign chairman. The annual fund-raising drive will begin throughout the county on April 1. As campaign chairman for Antioch, Mrs. Gresens will head the team of volunteers to raise the local quota of \$675.00. The total Lake County quota for 1958 is \$40,000, while the nation-wide ACS goal this year is \$30,000,000. Money raised will be used to continue the Society's three-way attack on cancer through research, education, and service.

Lake Villa Lions Club Instituted Saturday In Charter Night Dinner Meeting at Smarts

The Lake Villa Lions Club is now a well established organization as the result of the receipt of its charter and equipment and a membership of 53.

The charter was presented at a dinner meeting last Saturday night at Smart's Country House where 200 persons, including the wives of members and guests saw the historic document handed to President Raymond Colucio by Dist. Gov. Floyd E. Burns.

The bell, flag, gavel and bank to be used by the club at regular meetings were presented by the sponsoring club, Gurnee, represented by Lawrence Remillard. Other clubs, associated in the sponsoring of the Lake Villa club were represented in the presentation of additional gifts as follows:

Antioch by A. L. Dittman, president; Fox Lake by Keith Bitner, first vice president; and Grayslake by Ralph D. Thomas, president.

Wives of the charter members received corsages.

Among the guests were H. W. Fryberg, state secretary; George

OUTSHINES THEM ALL

Antioch to Be Host to Lake County Firemen At Annual Convention on Saturday, May 24; Otto Hanke Named General Chairman of Event

Chicago Banker to Tell Antioch Lions About How to Make Wills

Franklin Ruhl, Chicago, assistant trust officer of the LaSalle National Bank of Chicago, will be the speaker at the meeting Monday of the Antioch Lions Club at Angels restaurant on Rte. 83, north of Antioch.

Ruhl will speak on wills; what to consider in making one; what occurs when you don't have a will; and the inheritance tax situation for an estate.

A graduate of Loyola University Law School in 1949, Ruhl has been in the trust department of the bank since graduation.

Six Committees Appointed To Arrange for Various Aspects of Meet

Antioch will be host to the Lake County Firemen's Convention Saturday, May 24.

Members of the Antioch Fire Department already have started making plans for the annual event which has been held here on several occasions over the 30 years of the county organization's existence.

The local members expect to make this convention one of the best.

Fire Chief Edgar Simonson said the committee in charge as announced by Chairman Otto Hanke are as follows:

Registrar—Earl Pape.
Parking and Parade—Otto Hanke, chairman; Laurel Van Patten, Ed Frazier, James McDowell, Emil Ehrent, James Quendenfeld, Ray Toft, John Christensen, and John Irving.

Food—Irving Walsh, chairman; Virgil Burnett, Bernard Gutowski, Leo Keisler, John Tegelman, William Vos, and Marvin Toeper.

Three-man Hookup contest—Russell Stowe, chairman; Jack Vos, Earl Pape.
Five-man Hookup—L. R. Van Patten, Jr., chairman; Robert Webb, and David Nissen.

Water Battles—Frank Willett, chairman; James Maplethorpe, Frank Feiler, and John Dupre.

Demonstrations—Edgar Simonson, chairman; Charles Maplethorpe, and Vern Barnstable.

More than a score of companies will attend and bring their equipment for the parade.

Mrs. Sibyl Steiskal, Easter Seal Chairman Mails Antioch 1,200

Some 1,200 Easter Seal appeals were in the mail this week to Antioch residents as the annual appeal to aid crippled children and expand services to the crippled opened.

Mrs. Sibyl Steiskal, Easter Seal chairman in Antioch announced the opening of the campaign which runs through April 6. County-wide goal in this year's campaign, which is conducted by the Crippled Children's Aid Association of Lake County, is \$25,000, Mrs. Steiskal said.

Facilities of the county association, which is an affiliate of the National Society for Crippled Children and Adults, include maintenance of a special classroom at Waukegan for crippled children from throughout the county in cooperation with the Waukegan City School system and the State Department of Special Education, which regulates and sets standards of such classes.

Funds raised by the annual appeal provides the skilled services of a dietitian, matron and physical therapist whose skills are needed for special care of the children under the direction of the child's individual physician. Contributions also help to pay transportation costs involved. The special class has a current enrollment of 16 children from throughout the county.

More than 99½ per cent of the 727,000 men and women in Girl Scouting are volunteers, who contribute their interest, time, and talents to teach girls to be good citizens.

Village Liquor Law Amended to Prohibit Bar Maids and Minors

Board Buys Truck, and Will Buy New Street Sweeper This Spring

Bar maids and the employment of minors are prohibited in Antioch taverns under an ordinance passed by the Antioch Village board Tuesday evening.

The amendment to the village liquor ordinance also called for the repeal of bond heretofore required of tavern owners with their application for license.

Village Atty. E. C. Jacobs said that while there is no instance now of any women serving at Antioch bars, except perhaps the wives of the owner, which is permissible, the law was passed to forestall any further trouble and is in line with ordinances of other villages and cities.

The ordinance also prohibits unsealed liquor in automobiles. The car can be used to carry the liquor home or elsewhere, but if a bottle is unsealed, or open it is presumed that the drinking is in the car and in violation of the dramshop law.

In another action of the board, acting on the recommendation of Trustee E. H. Glenn, extended the social security protection to the village clerk, Clarence Shultis, and to Mayor Murrill Cunningham. Village trustees cannot come under the ordinance, because their yearly stipend of \$100 is insufficient to come under the federal law.

This announcement revealed just how little the trustees are paid for their many hours of service and concern over the village business in contrast to the pay in some other villages, especially Fox Lake.

Board Buys New Truck

Purchase of a new 3-ton truck and box from Pedersen Bros. of Rte. 173 was made on the basis of that firm's low bid. Trustee John Blackman, instructed by the board to close the deal, said that Pedersen Bros. submitted several bids based on equipment, but that the lowest was \$4,249. Through the purchase of a heavier GMC truck which the board wanted, and an addition of power steering and radius rods, the total came to \$5,500.

Other low bids were Lyons and Ryan Ford, \$5,375; Drije Chevrolet, \$5,087.20; International (Olson Implement Co.) \$4,623 and \$4,800.

The board also opened bids on the wiring of the new garage, but let no contract at this time. The bids were Wilton Electric, \$444.40; Antioch Electric Service, \$311.50; Carey (continued on page 5)

Antioch Area Boys Attend Scoutorama At Co. Fair Grounds

Some 10,000 persons Saturday visited or participated in the Fourth annual Scoutorama sponsored by the Northwest District, North Shore Area Council, Boy Scouts of America, Saturday.

The displays and exhibits of Scoutcraft included everything from full size signal towers and rope bridges to camp sites, model railroads, and handicraft arts and neckerchief slides made by Cub Scouts. Fifteen hundred boys from 48 Scout units in West Lake County communities showed visitors to the Scoutorama held at Lake County Fair Grounds building what scouting is like.

Displays tended to have even more variety than in previous years. Among the 48 units participating were units from Antioch, Grayslake, Fox Lake, Libertyville, Mundelein, Evanston, Long Lake, Diamond Lake, Round Lake, Indian Hill, Waukegan, Lake Villa, Grass Lake, Ingleside, and Roundout.

Soap carving was the activity chosen by Grass Lake Cub Pack 80 this year and the boys demonstrated the various methods of carving in this medium.

On display, also, were samples of figures which had been carved in den meetings during the previous month. (Den mothers are considering taking in washing to use up the mountains of soap chips and shavings.)

Den mothers and their boys took turns working in the booth during the afternoon and evening. The Den Mothers are Joanne Robertson, Virginia Murphy, Ann Pierce, Marilyn Cogdill, Natalie Witkowski, Kay Schaefer and Charlotte Queen.

Chairman Earl Beese was on hand all day to see that things ran smoothly. He was ably assisted by Cubmaster Michael Wojnowiak, assistant Cubmaster George Pierce, Jim Drucker, and Carl Cogdill, Den Fathers.

Participants in Lake Villa Lions Club Charter Presentation

Taking part in the Charter Night services of the new Lake Villa Lions Club Saturday evening at Smart's Country House were, left to right, first row — W. J. Murphy, speaker; Albert Mohr, first vice president; Floyd Burns, district governor presenting the charter to Raymond Colucio, president; Gordon Blumenschein, director; and Maynard Schneider, tail twister; second row — David Findlay, treasurer; John Schueler, and Harold Newyear, directors; Edward Tiede, second vice president; and John E. Awe, Lion Tamer. Not present were Gene A. Barth, secretary; Melvin Colbert, third vice president; and William Kroter, director.

Nose in the Tent

Ever since the Federal Wage-Hour Law (commonly called the minimum wage law) came into being back in the 30's, retailing and certain other service industries have been exempt. It is significant that President Franklin Roosevelt, in proposing the law, said that it should apply to those "who toil in factories," and not to "purely local pursuits and services."

In late years there have been many efforts (so far unsuccessful) to persuade Congress to extend the law to retailing. Various measures to this end have been offered in Congress. And the one which is getting the most attention now would extend the law to retailers whose annual volume is \$1 million or more.

The strategy here is obvious—that there will be more public sympathy with an extension confined to larger retailers. But the fact is that this proposal is just as unsound as if all retailers down to the smallest were the target.

Size is not the question—the biggest retail store in the country chain or independent still has to compete locally and meet local needs, desires and special conditions.

Second, can anyone seriously believe that, if the law is once extended to large retailers, it will not eventually be extended to the smallest? To believe that is to be politically naive to the extreme. Once the camel gets his nose in the tent, his whole body follows.

Third, can anyone seriously believe that, if the law is once extended to large retailers, it will not eventually be extended to the smallest? To believe that is to be politically naive to the extreme. Once the camel gets his nose in the tent, his whole body follows.

Fourth, can anyone seriously believe that, if the law is once extended to large retailers, it will not eventually be extended to the smallest? To believe that is to be politically naive to the extreme. Once the camel gets his nose in the tent, his whole body follows.

Plain Horse Sense

"All in all, this year will likely be one of continuing world tensions. A quarrelsome Congress with charges and counter charges for political strategy will probably create an area of imbalance and uncertainty."

"There is ample capital in America and ample know-how to meet whatever confronts us, provided people get over their 'jitters.' They always have in the past even when confronted by world wars big and little, and it is the writer's considered opinion such will be the case again in 1958."—E. C. Sammons, President U. S. National Bank of Portland, Oregon.

American Medicine Around the World

In the latter part of January a special, hour-long report on the services American doctors perform in the far corners of the world was nationally televised. It was sponsored by a pharmaceutical manufacturer in cooperation with the American Medical Association, and was inspired by President Eisenhower's appeal for "People-to-People" activities in all professions and walks of life as a key way to further international understanding.

To make the film, the crew traveled 34,000 miles to Korea, Hong Kong, Burma, Lebanon, Nepal, Ethiopia and India. Months of research preceded this travel. The result was heart-warming reports on American doctors who serve the sick on alien shores. In one case an island for lepers had been established, after a battle against native superstition and fear. In another a medical missionary works to stamp out malaria and TB. In still another a woman doctor with only a pocket set of instruments established a child and maternal care center. In another a doctor travels from primitive village to primitive village to perform cataract operations,

sometimes as many as 100 a day.

So it goes, in remote corners of the world which are only exotic names to most of us. American doctors teach and practice, fighting disease and, equally important, lifting veils of ignorance. Their contributions to human happiness and well-being are literally immeasurable. Their work casts a bright light across this dark and troubled planet.

Prep School for Communism

Spruille Braden, formerly U. S. Ambassador to several Latin American countries and later Assistant Secretary of State, observes: "Let us face it, socialism is nothing more than a prep school for communism." This was said in a speech in which he vigorously opposed giving U. S. aid to such countries as India and Yugoslavia.

It would seem that the cost of helping our friends is heavy enough, without spending huge sums on nations which have close ties with Moscow, our ideological enemies, and whose sole interest in this country is signified by the dollar sign.

Public Health is Involved

There are certain activities of the government which are of great importance, yet are little publicized. And these activities must be adequately financed if the public interest is to be served.

A prime illustration is federal meat inspection. This is mandatory—the law requires that all meats shipped in interstate and foreign commerce be inspected. From the dollars and cents point of view, it is a comparatively minor matter—the budget request for inspection for the coming year is but \$17,326,000. Yet there is always a danger that appropriations of this kind may be whittled away to the point of serious inadequacy. In the current fiscal year, for instance, it was necessary to transfer money from other funds to the inspection service in order to make up the needed total.

The House Subcommittee on Agricultural Appropriations soon will consider the amount to be allowed for meat inspection in 1959. The meat industry is concerned with what may happen. There are indications that there is an insufficient force of meat inspectors to service the industry. It is anticipated that the flow of livestock to market in the coming months will increase. If the appropriation made proves inadequate serious disruption could result.

The interest of all consumers in the matter is obvious. They want orderly and uninterrupted supplies of meat. On top of that, a public health question is involved. Here is a government service which we can't afford to allow to deteriorate.

Russia's Grand Strategy

"Russian grand strategy today is based on the development of a nuclear striking force capable of so crippling the U. S. with a surprise attack that it would not be able to retaliate effectively." These words open a long article in U. S. News & World Report, written by the magazine's staff military experts.

If this is true, and there is a world of evidence to support it, a concept which is as new as it is ominous now dominates Soviet military thinking. Russia, under the czars as well as the commissars, always relied on defense—upon the belief that her sheer size, aided by "General Winter", would frustrate and ultimately defeat any enemy. Napoleon and Hitler foundered and failed on the Russian steppes.

But now, in the view of U. S. News, all has changed, and the architect of change is Khrushchev. Nuclear weapons, it is said, have convinced him that the offense has now for out-distanced the defense—and that survival in future war will depend upon mounting a surprise attack so terrible and destructive that effective retaliation will be impossible.

Russia's present military program is designed to attain such power in the shortest possible time. The United States' military program is now being revalued and reconstituted to prevent this. Our country and western civilization has never faced a military peril of such catastrophic proportions.

It is up to the American people to face the truth, in calmness and resolution. Knowledge of what we are up against is the first essential.

mental qualification tests beginning

in March, Sergeant Nyberg stated. These changes in qualifications and target objectives for enlisting veterans are the first since the Air Force became a separate recruiting service.

"Many former servicemen, now eligible, may not be able to enlist when the new system takes effect March 1st," advised Sergeant Nyberg.

More than 30,000 men are registered members of the Girl Scouts of the U. S. A. They serve as council presidents, directors, consultants, or volunteer "muscle men" who help with the heavy work for Girl Scout projects.

The Antioch News and the Antioch Theatre invited E. L. Zerr, Rte. 3, Antioch, Ill., and one to attend Sunday, Monday or Tuesday's showing of "Sayonara" at the Antioch Theatre.

LEGAL NOTICE

ORDINANCE

AN ORDINANCE AMENDING CHAPTER 45 ENTITLED "THE SALE AND REGULATION OF ALCOHOLIC LIQUORS" OF THE ORDINANCES OF THE VILLAGE OF ANTIOCH, ILLINOIS, BY ADDING SECTIONS 26, 27 AND 28 THEREOF AND REPEALING SECTION 22 THEREOF BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS:

SECTION I: That Chapter 45 entitled "The Sale and Regulation of Alcoholic Liquors" of the Ordinances of the Village of Antioch, Illinois, as amended, be and the same is hereby further amended by adding thereto the following sections:

Section 26: It shall be unlawful for any licensee or any officer, associate, member, representative, agent or employee of such licensee to engage or employ or permit any minor to work or to entertain, or to act as host or hostess in or upon the licensed premises where the principal business is the sale of alcoholic liquor, while such premises are open for the sale at retail of alcoholic liquor. Any minor engaged or employed or permitted to work in or upon the licensed premises where the sale of alcoholic liquor is not the main or principal business may not work as entertainer, host or hostess or in connection with the handling, selling, serving, or delivering of alcoholic liquor.

Section 27: It shall be unlawful for any licensee, his manager, or other person in charge of any licensed premises where alcoholic

liquor is sold or offered for sale for consumption thereon to engage, employ or permit the engagement or employment of any female person other than the licensee or the wife of a licensee to draw, pour, or mix any alcoholic liquor, nor shall any other female be permitted to remain on said premises, who shall solicit any patron or customer thereof to purchase alcoholic or non-alcoholic liquor for her, himself, or any other person therein; provided, however, that nothing herein contained shall prohibit any adult, manageress or waitress who shall be regularly employed therein from accepting and serving the order of a patron or customer in the regular course of her employment as such manageress or waitress.

Section 28: No person shall transport, carry, possess or have any alcoholic liquor in or upon or about any motor vehicle except in the original package and with the seal unbroken.

SECTION II: That Section 22 entitled "Bond" of said Chapter 45 entitled "The Sale and Regulation of Alcoholic Liquors" is hereby repealed and of no further force and effect.

SECTION III: If any section, sub-section, sentence, clause or phrase of this Ordinance is for any reason determined by a court of competent jurisdiction to be invalid,

such decision shall not affect the validity of the remaining provisions of this Ordinance and the remaining provisions shall be and remain in full force and effect.

SECTION IV: This Ordinance shall be and remain in full force and effect from and after its passage, approval and due publication as provided by law.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Phone Elliot 6-4454

Mrs. Howard Schneider, Mrs. Gordon Blumenschein and Mrs. Bernard Schneider were Chicago visitors Tuesday.

Russell Nickerson was ill a couple of days last week.

Mrs. Oliver Walker entertained a number of friends at her home for a luncheon on Wednesday, the following were present: Mrs. Clifford Bartlett, Mrs. Otto Beager, Mrs. Bud Reidel, Mrs. Arthur Ducumon, Mrs. Fred Teltz, Mrs. Walter Schneider, Jr., Mrs. Millard Schneider and Mrs. Ronald Walker. It is a young women's club, of which they are all members except Mrs. Ronald Walker.

The Royal Neighbors officers club will meet at the home of Georgia Avery on Wednesday, March 12 at 12:30 p. m. for a dessert luncheon, after which a business meeting will be conducted by the president, Mrs. Bertha Fish.

The VFW Memorial Post 4308 of Lake Villa will sponsor a St. Patrick's dance at the Post home on March 15, dancing from 9 p. m. till 1 a. m. Music by Thelma's orchestra. Walter Schneider, Jr., is chairman of the dance.

Harold Fillweber of Antioch was a visitor at the home of Everett Galiger Saturday.

Mr. and Mrs. Victor Young were Lake Villa visitors Saturday.

John Stiles enjoyed a week-end at home from his duties at Great Lakes.

Mr. and Mrs. Foster Heller and family of Woodville, Ill., were week-end guests at the home of Mr. and Mrs. Clifford McCarthy of McKinley Ave.

Mr. and Mrs. Raymond Bartlett and family of Waukegan were visitors Sunday afternoon at the home of Mr. and Mrs. Fred Bartlett, Sr. The Lake Villa Women's club met last Tuesday at the home of Mrs. E. R. Prossie. Co-hostesses were Mrs. Lester Bunkelman, Mrs. Donald Cremin and Mrs. Harry Weber. Miss Cornelia Roberts, dean of girls at Grayslake High school gave a most interesting talk about her trip to Rome. Guests were the Mesdames Johnson, Cribb, Minton, Halverson, Hammond and Bakes.

Tickets are now available from members for the April 16 Fashion Show for the benefit of Lehmann park.

Mr. and Mrs. Joe Drehoel and family of Lake Bluff were visitors Sunday at the home of Mr. and Mrs. Bernard Schneider.

Miss Evelyn Kilbing of Elmhurst, Ill., was a visitor at the home of Mr. and Mrs. Jacob Fish Sunday.

Air Force Recruiting Program Announced

Sergeant John S. Nyberg of the U. S. Air Force Recruiting Office at 325 Washington St., Waukegan, announced today that beginning March 1 the Air Force will institute even higher standards for enlistment of former servicemen than has been the case since its recruiting service

was organized in July of 1954. The increasing complexity of missiles and jet age aircraft has resulted in more of a demand for young men with high technical aptitude.

A limit on the number of veterans who can be enlisted each month will be established beginning in March. In order to weld a more compact, efficient combat force, the Air Force recruiting service is placing more stress on quality than on quantity.

Specifically, there will be a limitation on the number of servicemen from other branches who will be allowed to enlist, regardless of length of separation from active duty. There will also be a ceiling on the number of former airmen who may enlist if they have been discharged more than 90 days.

"In addition, the Air Force will require higher scores on its written

BIGGER TV TUBES

Often, when we at ECONOMY TV on Rte. 173, 1 1/2 miles west of Antioch are replacing picture tubes in older TV sets, customers will ask us to put in larger picture tubes than were originally in the set.

It is possible to do this but not advisable to do so. Even if the cabinet is large enough, the cost and final results is not worth it. Always replace size with size.

When you phone Antioch 1454 for electronic services, our policies are such that we want to give you the most satisfaction.

"Just A Few Minutes Drive From Antioch"

Carpentier Appointed Supt. of Antique Auto Meeting at State Fair

Springfield, Ill., Mar. 4—Secretary of State Charles F. Carpentier today announced completion of the installation of an electronic data processing system in the Drivers License Division of his office, the first of its kind in the nation designed for a driver licensing and driver control program.

In the face of ever-increasing numbers of drivers and driver records, Secretary Carpentier said, the advance data processing equipment is a necessary tool making it possible to achieve the constant supervision, control and education of individual drivers which traffic safety experts have agreed comprise the key to reduced motor vehicle injuries and deaths.

The speed with which the IBM installation handles such information as reports of convictions for traffic law violations, accidents and examination failures makes possible faster action against drivers whose records show them to be a constant source of danger on the highways and should result in the saving of lives, Mr. Carpentier said.

Punched cards containing the information are fed into the data processing system at the rate of 200 a minute and immediately recorded on the appropriate drivers' records in a master tape file.

At the same time, all of the appropriate action resulting from the driver's new record are recorded on another tape which is then used to print the necessary warning letters, suspensions, revocations, cancellations and new abstract of records.

Each revocation or suspension order is accompanied by an abstract of the driver's record for review by trained driver control officers before final issue, Secretary Carpentier said.

The magnetic tapes make possible a prodigious memory in the machine which stores an almost unlimited volume of information that is readily accessible. Fifteen thousand characters can be read or written in one second, and each 2,400 linear feet of tape can store over 5,000,000 characters.

The computer automatically processes data in accordance with instructions stored in its memory. The machine reads, writes, performs arithmetic operations, sorts, cellates and then summarizes the information in useful form, and performs those operations with a degree of accuracy and speed unattainable by human beings.

The new system has made it possible for the Drivers License Division to adopt a new type of permanent driver license number which establishes a positive identification of the person to whom the license is issued, Secretary Carpentier said.

Records of thousands of drivers with the same names can now be readily distinguished, and each number becomes an individual control number for use throughout all future record keeping and processing operations. The permanent numbers are computed at the rate of 100 a minute at the beginning of processing operations for license applications, conviction reports, accident reports and other information.

The combination of a positive driver identification number with the electronic data processing system has enabled the Division to begin the consolidation of 13 separate files into one single master file.

The value of this fast, new system can be seen when it is realized that last year 2,380,000 license applications were processed, 675,000 license examinations were given, 728,000 reports of traffic law violation convictions were received, 400,000 accident reports were received and 1,000,000 drivers' records were watched because of earlier traffic violations or accidents, Secretary Carpentier said.

WHAT'S THE HURRY RUBI!

It's a fact—the number 1 killer on the highway is SPEED. Driving too fast for conditions, exceeding the speed limit, hurrying, impatience... call them what you will, it all adds up to the quickest and easiest way to get killed or seriously injured in your car while on the road. Take it easy to stay alive—make the effort to be conscious every driving moment of the speed you are traveling and learn to think in terms of "giving the other fellow a break." Good drivers guard against excessive speed—live longer and let others live longer.

© AMERICAN MUTUAL LIAB. INS. CO.

The John P. Holland torpedo boat company on Mar. 13, 1895, received the first contract in U. S. history to build a submarine for the Navy. The sum of \$150,000 was granted for the construction of a submarine 85 feet long with an 11 foot beam.

Illinois State News

Hens continue to lay eggs faster and faster, according to the Illinois Department of Agriculture. The number of eggs per layer in Illinois during January amounted to 16.5 eggs, four per cent better than January, 1957.

Production totaled 259 million eggs, four per cent below January 1957, but the number of layers was 15,728,000, a dip of eight per cent. Illinois hatchery production during January amounted to 2.9 million chicks, nearly 2 1/2 times greater than the previous month and 20 per cent above a year ago. The 1,712,000 egg-type chicks produced were more than eight times the number produced in December and 28 per cent greater than January 1957. Broiler chick production totaled 1,189,000 a climb of ten per cent from January 1957.

When state police engage in a manhunt these days they call for an airplane instead of a pack of bloodhounds.

According to Chief William Morris, planes and fliers from the safety section of the Illinois Department of Aeronautics flew more than 100 hours during 1957 in police-liaison work, which included prison-breaks, escapes from mental institutions and bank robberies.

He pointed out that planes are not designed to catch criminals but to pin them down and limit their movement following commission of a crime.

The State Division of Highways received bids for construction and other projects valued at \$17,000,000 in 48 counties in connection with Governor William G. Stratton's 1958 Illinois road program.

County, city, village and town clerks who sell Illinois resident fishing licenses were advised by Director of Conservation Glen D. Palmer that the fee permitted by law for selling these licenses still is 10 cents. When the 70th General Assembly revised the code to increase fishing and hunting licenses for Illinois residents by \$1 each, it did not change the fee for handling the sale of these licenses.

Palmer said several Illinois newspapers have used stories which were in error, leading the clerks to believe they could charge 25 cents for sale of each resident fishing license. The clerks were notified officially the fees which could be charged, including the 10-cent charge for sale of resident hook and line license.

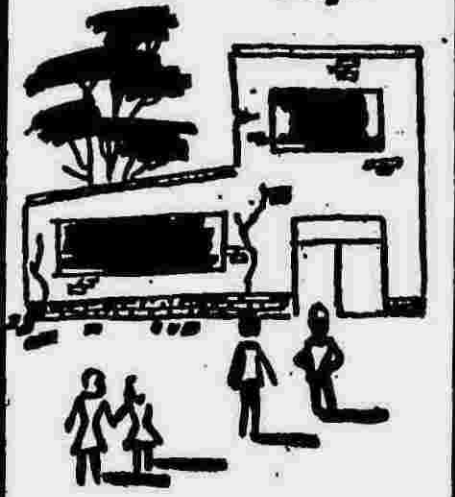

Other fees permitted by law include 25 cents for a resident seine license, resident minnow seine, minnow trap or net license, resident pound net license, resident gill net license covering 2,000 lineal feet or more, resident trammel net license, as well as the non-resident equivalents to the above.

All trucks and trailers operated upon public roads in Illinois must bear the owner's name and address and the maximum empty weight of the vehicle, state police warned. The certificate or permit number, if any, must also be shown. Chief William H. Morris said although the law includes farm trucks, it exempts "farm tractors, farm machinery and implements, farm wagons, wagon trailers, or like vehicles used in agricultural pursuits." It does not include house-trailers.

The lettering must be at least two inches high and in a color contrasting to that of the vehicle. It may be painted or otherwise permanently fixed on both sides of the vehicle. If a vehicle carries a seal or trademark sufficiently well known to clearly identify the owner, the requirement of the address may be waived upon application.

Paroles were granted to 90 prisoners whose cases appeared on the February 1958 dockets of the Illinois Penitentiary System, including the Reformatory for Women at Dwight, the Parole and Pardon Board reported to Governor William G. Stratton. Hearings were held in the cases of 266 prisoners. Twenty were ordered paroled at once, and 70 paroles become effective at future dates.

SOCIETY EVENTS

Joan Crawford, Former Antioch Grade School Teacher Wed in France

Announcement was made of the marriage on February 21 in Etain, Meuse, France, of Miss Joan Crawford, daughter of Mr. and Mrs. George C. Crawford of 1414 N. Jackson st., Waukegan, to Airman First Class George Stepneck of New York.

A civil marriage ceremony, as required by French law, was performed by the mayor of Etain in the morning, and in the afternoon the religious ceremony was performed by the Air Force post chaplain in the Chapel of the Etain Air Base. Miss Catherine Englund, of Michigan, librarian at the Air Force base, was maid of honor.

Following the ceremony a reception was held at Merville, France. The bride is a graduate of Waukegan Township High School and Western Illinois State University at Macomb, taught in the Antioch elementary school for several years, before joining the staff of the Air Force. She taught in Nagoya, Japan, for two years and last summer went to France where she is a teacher in the Air Force Dependents school in the NATO air base near Etain.

The bridegroom is a career member of the Air Force, and is the son of Mr. and Mrs. George A. Stepneck of Astoria, Long Island, New York.

Mrs. Jensen Celebrates Her Ninety-sixth Birthday Anniversary Feb. 25th

Mrs. N. C. Jensen, 324 Park Avenue, observed her ninety-sixth birthday anniversary Tuesday, Feb. 25, at her home. Many friends and neighbors called during the day to congratulate her and to bring many flowers, gifts, cards, and a beautiful decorated cake. Best of all Mrs. Jensen is enjoying good health, and is up and about her home.

On Sunday, her daughter, Mrs. Marie Beck and her granddaughters, Miss Bernice Jensen and Mrs. Robert Sundin, and her great granddaughters, Christine and Joanne Sundin of Chicago spent the day with her and her daughter, Miss Ella Jensen, who makes her home with her mother.

Parade Candidate

Miss Ruth Trafton

Miss Ruth Trafton, R.F.D. 3, Antioch is one of the finalists in the contest to select an Irish queen to reign over the St. Patrick's Day parade in Chicago. Final judging will be at 7:30 p. m. Monday in the Bal Tabarin Room, Hotel Sherman.

RAINBOW GIRLS TO HOLD MEETING MONDAY

Antioch Assembly Order of Rainbow for girls will hold a regular meeting at 7:30 Monday, at the Masonic temple. All girls are urged to attend this meeting as important business will be conducted by the worthy advisor Miss Betsy Frazier.

Miss Carney Recent Bride

Miss Paula Carney, daughter of Mr. and Mrs. Edward G. Carney of 1013 Spafford st., became the bride of John K. Larson Feb. 15, at Prince of Peace church in Lake Villa. Her bridegroom is the son of Mr. and Mrs. Steve Suckanec, of Lake Villa.

Musical Selections From Kiss Me Kate to Be Presented at AHS Concert

The Antioch High School band and chorus will present their winter concert at 8 p. m. Friday, March 14, featuring selections from "Kiss Me Kate."

At this time, the community will hear the same program which the music groups will present on their tour.

W. S. C. S. EVE. CIRCLE TO HEAR TALK ON JAPAN

The Evening circle of the Women's Society of Christian Service will hold its regular meeting at 8 o'clock Thursday evening, March 13 at the home of Mrs. Robert Irish, Rte. 173. Miss Alice Smith will speak on Japan during the evening. Mrs. Charles Mapletorpe will lead the devotions.

Mr. and Mrs. Harold Paugels of North Chicago were Sunday guests of their cousins, Mr. and Mrs. Pat Siedschlag of Channel Lake. Other evening guests at the Siedschlag home were Mr. and Mrs. Russell Homan and Mr. and Mrs. Henry Homan.

Mrs. Josephine Drisch, wife of the president of the North Shore Improvement Association of Loon Lake, is in Grant hospital, Chicago, where she will undergo surgery.

Mr. and Mrs. Harry Behrens of Antioch are the parents of a son, Larry James, born March 1 at Victory Memorial hospital, Waukegan. This is their sixth child.

OTT FAMILY HOME FROM FLORIDA

Mr. and Mrs. Ernest Ott and daughters, Margo and Lynn, returned home Friday after a month's vacation in Florida. While there they visited with Mr. Ott's brother, W. B. Ott and family, formerly of Fox Lake, now of Vero Beach. The remaining part of their time was spent in Miami.

Recent visitors at the Alonzo Runyard and Nelson Drom homes, Mesa, Arizona, were Mr. and Mrs. Robert Bemis, Beach Grove Road, and Mr. and Mrs. Fred Fowles, McHenry, and Mr. and Mrs. Andy Krull, Tucson, Arizona. The Runyard and Drom families were formerly residents of Antioch.

Mr. and Mrs. Charles Rudolph of Baraboo, Wisconsin, were Sunday dinner guests of Mr. and Mrs. Howard Rudolph at their home on Tiffany Road. The Rudolphs were guests of other relatives in Antioch and the Twin Lakes area over the week end.

Mr. and Mrs. John Rackow of Barrington were Sunday visitors of Mr. and Mrs. Paul Zeien and family and Mrs. Frank Brett, who is making her home with the Zeien family.

Mr. and Mrs. Edwin Runnfeldt returned home recently after a three week stay in Los Angeles, Calif.

Mr. and Mrs. Robert Gaston left Antioch Monday for a two weeks vacation in the south.

Robert Jarnigo, son of Mrs. Louis Jarnigo, returned home recently after spending 29 months in Heidelberg, Germany, with the armed forces.

165 Attend Blue, Gold Dinner of Grass Lake Cub Scouts, Pack 80

Grass Lake Cub Scouts of Pack 80 entertained their families and other special guests Sunday, Feb. 16, in the new "all-purpose room" of the Grass Lake School. A total of 165 persons attended.

The ceremonies were officially opened by the boys of Den 6 (Den Mother—Kay Schaefer) who presented the colors and then led the audience in the salute to the flag.

Cubmaster Michael Wojnowiak welcomed the guests and introduced the special guests, who included:

District Executive Chuck Gribble and Mrs. Gribble; Cubmaster Lee Ipsen, Pack 92; Scoutmaster Fred Brown, Pack 80; Institutional Representative Bob Hart, Mrs. Hart, and their family; and a past cubmaster, Ralph Tutein, Mrs. Tutein, and family. Special guests also were all the Scouts who serve as Den Chief in the various dens and their families.

Achievement awards were then presented to the following boys:

Service Stars (2 yr.): James Dobson, James Byrne, Richard Byrne, Tommy Wojnowiak.

Bear Badge and Gold Arrow under Bear: Terry Robinson.

Bear Badge, Gold Arrow and Silver Arrow: Timmy Kasel.

Bobcat: Johnny Wohlfeil.

A delicious baked ham pot-luck dinner was then served. Den mothers worked in the kitchen and the Boy Scouts, including the Den Chiefs served the dinner.

It is interesting to note that the headline in this paper two years ago read "65 Attend Grass Lake Cubs Blue, Gold Dinner." Pack 80 is growing fast!

Grade School Soloists, Ensembles Will Play At Beach Park Sat.

The Antioch Grade School band will send 21 soloists and 11 ensembles to the district solo and ensemble contest at Beach Park school Saturday.

The soloists are:

June Behrens, oboe; Jane Edwards, Judy Turner, Carol Weighart, Gloria Wiegart, and Susan Polley, flute; Cheryl Galati, Nancy Kufalk, Phyllis Kopriva, Cheryl Lemke, Pat Brown, Carol Lasco, David Cardiff, Betty Liddle, Judy Liddle, and Barbara Close, clarinet; Cheryl Folbrink and Harleen Young—Alto Sax; Bonnie Van Patten—tenor sax; Judy Stoffel and Myrna Masek—bass clarinet.

This contest involves some 950 music students and 30 schools of the Class C, D, and E classification. The class A and B solos and ensemble contest was held last Saturday, March 1 at Belvidere.

George Olisar from the Antioch Grade School and Thala Rush from the Lake Villa Grade School were on the staff of judges.

Bands in all classes will compete for district honors later this month.

Salinas Graduates

GREAT LAKES, ILL. (FHTNC)—Edward Salinas, fireman apprentice, USN, son of Mr. and Mrs. Salvatore R. Salinas of Antioch, Ill., graduated Feb. 14 from the Machinist's Mate School at the Naval Training Center, Great Lakes, Ill.

During the 12-week course the students were trained in the principles and repair of main propulsion machinery aboard ships. They also learned the operation of auxiliary machinery including refrigeration equipment, evaporators, pumps, compressors, heat exchangers and emergency electrical generators.

Lenten Movie at Holy Family

"I Beheld His Glory," a Lenten 55-minute movie, will be shown at 8 p. m. Wednesday, March 12 at the Holy Family church, Fox Lake Hills. The story is the last days of Jesus as told by Cornelius, the Roman centurion, who heard the story from his friend, Thomas. The events include the Triumphal Entry, Last Supper, Gesthemane, the trial, the crucifixion, and the resurrection.

There will be a free will offering, and refreshments will be served.

The Antioch American Legion Auxiliary had an enjoyable potluck dinner last Friday evening.

Birth Announcements

Mr. and Mrs. Stanley Colburn of Bluff Lake are the parents of a daughter, "Bridget Ellen," born at Victory Memorial hospital, Waukegan. The Colburns now have six children, four girls and two boys.

Parents of Daughter

Mr. and Mrs. Richard Atwood are the parents of a daughter, "Charmaine," born Sunday, March 2, at Victory Memorial hospital, Waukegan. She has a two year old brother, "Ricky." Mrs. Atwood is the former Gloria Grulich of Salem, Wisconsin.

Mrs. Alice Ruppert, daughter of Mr. and Mrs. Arthur E. Hansen of Loon Lake, returned home Sunday from Victory Memorial hospital, where she was taken 17 days ago. She is now convalescing at the home of her parents.

Parents and Teachers Hear Preview Numbers of District Contest

Seventy-five members of the Antioch Grade School Parent-Teacher Assn. were present Tuesday evening and heard a fine program provided by the grade school junior band members.

Several duets and trios were played as a preview of the numbers they will play Saturday in the district solo and ensemble contest at Beach Park school.

The district contest for bands will be at the North Chicago Grade school on March 22 and the senior band will be there working for top rating.

There will be a skating party on March 13 at Twin Lakes Roller Rink.

Refreshments were served by Mrs. Charles Wysoglad and her committee comprising Mesdames W. B. Gillum, Ronald Polson, and Richard Eckert.

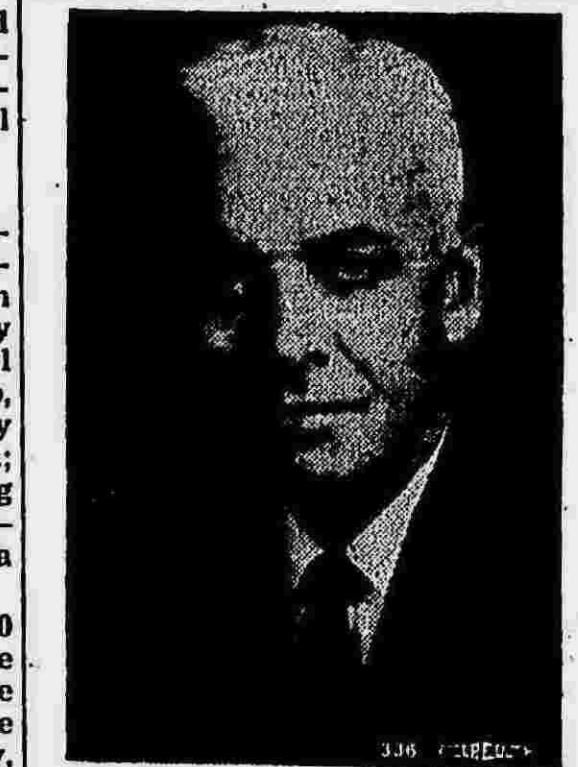

Bairstow Recommended For Re-election by Legislative Voters Assn.

State Rep. Jack Bairstow, Democrat, of Waukegan, today had the important endorsement of the Illinois Better Government Assn. and Legislative Voters League as he actively opened his campaign for re-election to his fourth term in the Illinois General Assembly.

Bairstow has just been notified by George E. Mahin, executive director of the Better Government Association that:

"The Board of Directors of the association, following investigation by its candidates committee, voted to recommend to the voters your candidacy for public office."

The Better Government Association has central offices in Chicago but investigates the qualities of candidates for office throughout Illinois and recommends Bairstow's return for a third term in the General Assembly.

The association board of directors includes such prominent persons as Cyrus H. Adams III of Carson Pirie Scott and Co.; Roy C. Ingersoll, chairman of the board of Borg-Warner Corp.; Cyrus MacKinnon, director, Institute of Newspaper Operations, and Graydon Megan, secretary of the Inland Steel Co.

Bairstow also recently was given the endorsement of the Lake County Democratic Central Committee for re-election as representative in the General Assembly from the 31st district, which under a recent reapportionment now includes only Lake County.

Bairstow drew statewide attention in 1955 for the fight he led to forestall waste and extravagance in the Illinois Toll Road program. The 1958 primaries will be held Tuesday, April 8.

Judy Schaeffen Will Represent Central in District Demonstration

Judy Schaeffen of Salem Central High school will represent her school in the district contest to be held at Central next Thursday as the result of her victory in the recent demonstration test for the F.H.A. and Home Economic department of the school.

Miss Schaeffen was chosen by the judges, Mrs. Floyd Holloway and Mrs. Paul Jaeger on her demonstration "Yum, Yum, Coffee Cake!"

Other ratings were Mary Sabin, "Trucks With Bound Button Holes," and Betty-Lou Rau, "Party Chiffon," B ratings; Ruth Wallin, "Make your Own Mix," and Diane Halback, "Oh Boy, Cherry Pie," A ratings; and Sherill Beck, "Success in Beginning to Sew," and Mary Norton, "Brownies," C rating.

Girls enjoy the Girl Scout program of activities as members of "troops." Each troop has its own adult leader and at least one assistant leader. There are usually 30 girls in a Girl Scout troop.

The Girl Scouts of the U. S. A. is one of the handful of organizations which operate under charters issued by the Congress of the United States. It was granted its Congressional Charter in 1950.

Card of Thanks We wish to thank our friends and neighbors for the many acts of kindness and sympathy shown during our recent bereavement.

Mrs. Myrtle Brusk and son, Jim Brusk

Business Men Invited To C. of C. Dinner At Crystal L. Tuesday

Crystal Lake—Four prominent businessmen from this area—one each from Crystal Lake, Barrington, Woodstock and Libertyville—will be hosts at an Illinois State Chamber of Commerce dinner here Wednesday evening, March 12, to which Antioch business men are invited.

The affair will be held at 6:30 p. m. in the Czech Lodge on U. S. 14, Crystal Lake. State Chamber members and other leading businessmen from 19 surrounding communities are expected to attend.

Sponsoring the dinner will be Harold J. Bacon, president of Home State Bank of Crystal Lake. Assisting with the arrangements are co-sponsors Ray M. Jurs, president, The First National Bank of Barrington; Donald F. Wilkerson, personnel director, The Electric Auto-Lite Company, Woodstock; and E. D. Wolsard, treasurer, Burgess-Manning Co., Inc., Libertyville.

Principals on the program will be officers and staff executives of the State Chamber. Discussions will focus upon such pertinent subjects as social security and unemployment compensation, agriculture-business relations, labor relations, federal, state, and local taxation, education, state highway policy, and water resources.

The meeting is one of a series of 19 that will be held by the State Chamber this year to better acquaint Illinois business men with current state and national economic and legislative issues.

Attending will be businessmen from Algonquin, Antioch, Barrington, Cary, Crystal Lake, Fox Lake, Fox River Grove, Grayslake, Harvard, Hebron, Huntley, Lake Villa, Lake Zurich, Libertyville, Marengo, McHenry, Mundelein, Palatine, and Woodstock.

Card of Thanks

I wish to express my sincere thanks to my many friends who remembered me with cards, gifts and good wishes, during my illness while at home and in the hospital.

Alice Ruppert

Card of Thanks

We wish to thank all our neighbors and friends for their nice cards and gifts sent us during our stay in the hospital.

Officers of the Hi-C Club which meets at the high school each Tuesday evening as one of the High School Bible Clubs in the Chicago Area are shown, left to right: Jean Lombardo of Fox Lake, treasurer; Craig Nagel of Fox Lake, vice president; Richard Ball of Ingleside, president and Carolyn Westberg of Lake Villa, secretary. Carolyn is an Antioch Township High School student and the other officers come from Grant High School.

Brush, Palette Club Present Program for Antioch Woman's Club

Brush and Palette Club members presented the Antioch Woman's Club program on Monday afternoon at the Scout House with their president, Mrs. John V. Horton, talking on art as a hobby while some of her club members worked in their favorite mediums.

One of the thought provoking questions raised by Mrs. Horton was "Why have so few women achieved fame in art?"

A pastel portrait of Mrs. Clarence Olson was done by Mrs. Grace Strahan, and Eugene Bakes made a casein study of Mrs. Jerry Vogler during the talk. Bakes was a first prize winner at the recent Town and Country Fair at Grayslake and his entry is now being judged with statewide competition at Champaign.

Mrs. Clare Gilday worked on an oil of Hayland Hamilton who sat with her doll in a rocker. Mrs. Virginia Francisco worked with charcoal while Mrs. Pearl Powles continued a still life in casein paint.

Mrs. Bea Perry used her skill on a water scene in which she achieves unusual effects with the palette knife, and Mrs. Ellen McDowell, a winner of water color awards both in Lake county and in her native Scotland, worked on a landscape in that medium.

During the business meeting, Mrs. Olson, president, asked that those planning to attend the federation luncheon on March 12, make reservations by the 7th.

Mrs. W. J. Murphy reported on legislation of interest to women and reported that support from Woman's clubs is asked by those who wish to receive permission to try pay television.

Mrs. Einar Petersen, art chairman, reported that the club will sponsor a high school student to an art camp at Allerton Park this summer.

Green Thumbers, the garden section, announced that it would leave the Scout House at 10 a. m. next Monday for a tour of Flowerwood at Crystal Lake.

Mrs. Edmund Vos announced that the literary section of the club would hold its monthly meeting at the library at 1:30 p. m. Thursday, March 13.

Alfred Miericke, 80, Venetian Village, Dies

Alfred Miericke, 80, Venetian Village, died Friday, Feb. 28 at Oaks Nursing Home, Downers Grove, following a lingering illness. He was born January 16, 1878 in Nauken, Germany. He came to America March 18, 1923, settling in Chicago and Evanston. He came to Lake Villa in 1925. He was preceded in death by his wife, Marie, May 26, 1957. Survivors are a son, Kurt, of Clarendon Hills, Ill.; a brother, Ernest, of Chicago, and a brother Otto, and a sister, Mrs. Anna Krumrei, both in Germany; and two grandchildren.

Funeral services were held at the Strang Funeral Home. The Rev. Paxton McArthur of Grace Community church, Venetian Village, officiated at the service. Interment was in Millburn cemetery.

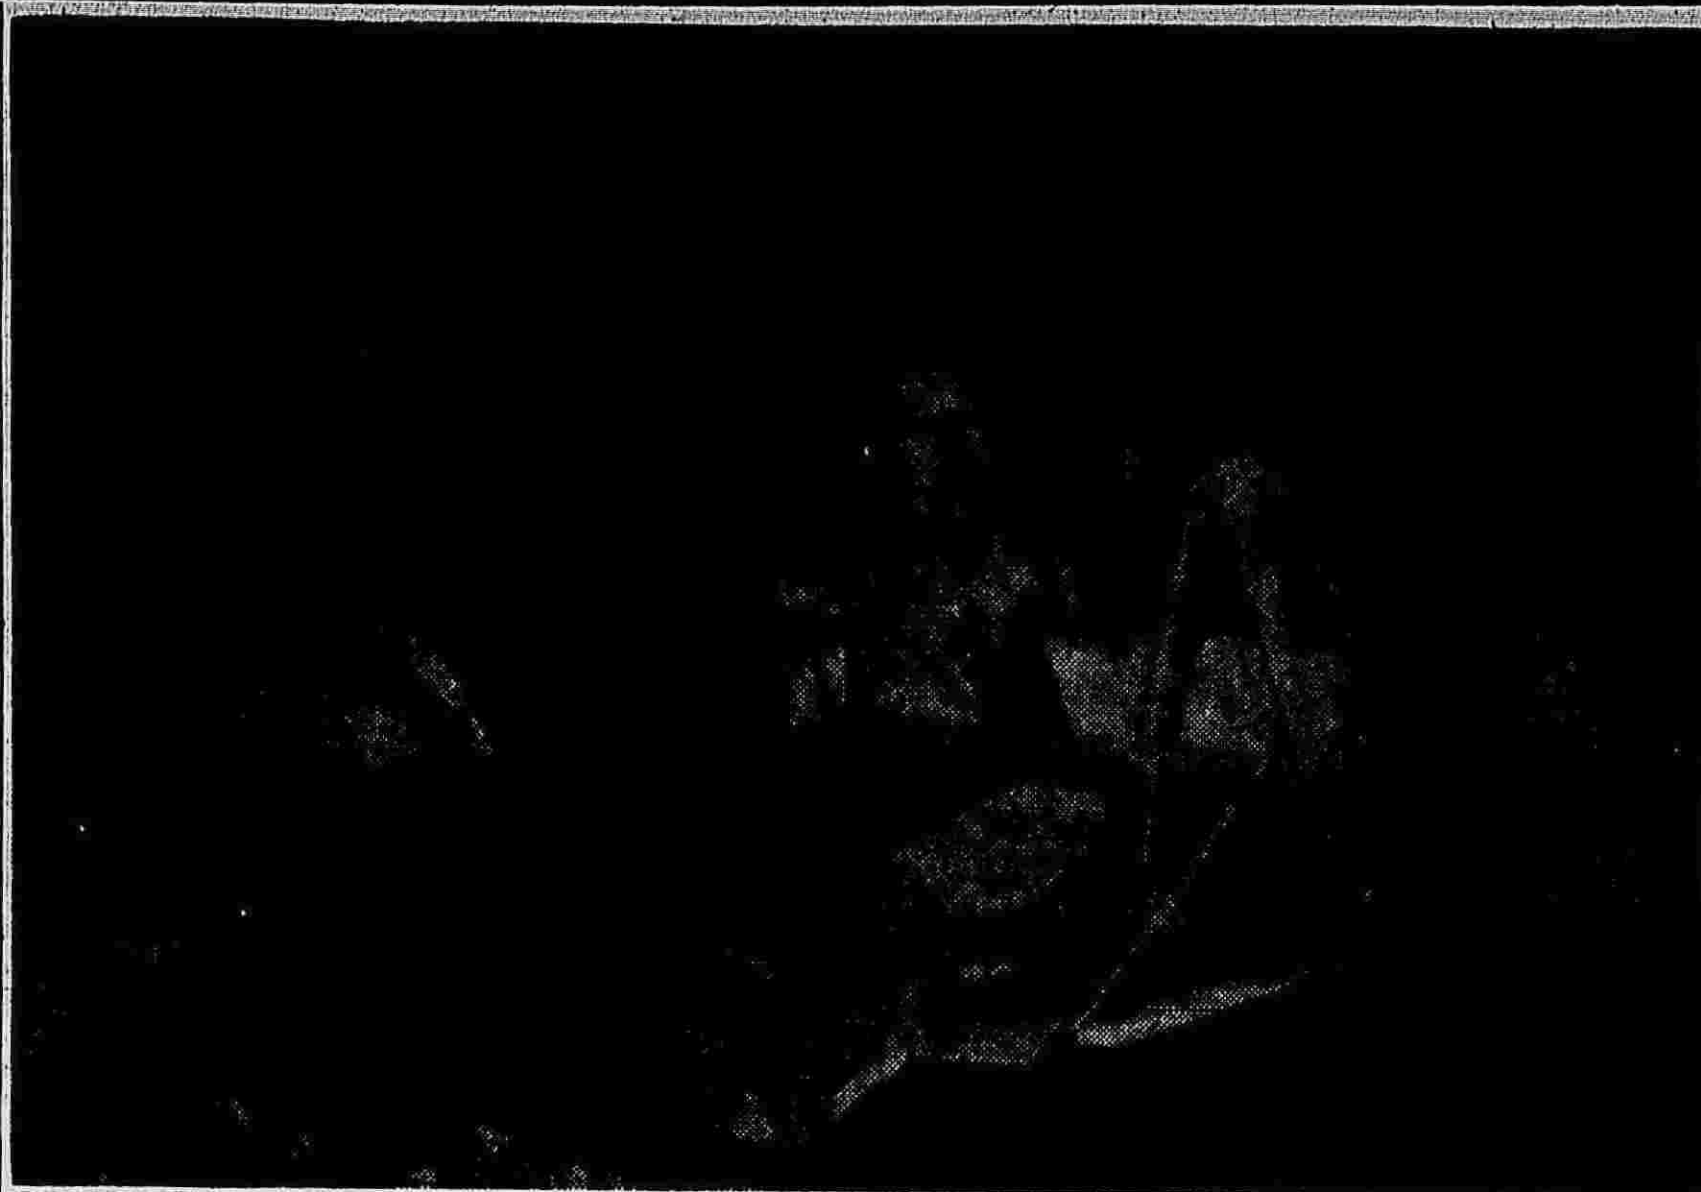

Film on Accidents Shown by Co. Coroner

A film showing actual accidents was shown by Coroner Robert (Mickey) Babcox at the V.F.W. Club room Sunday evening.

Coroner Babcox, by reason of his office, was in a position to record on color film some of the most serious accidents in the county. This county leads the state in fatal accidents.

Babcox, a candidate for sheriff, gave a talk on safety and hints as to how to avoid trouble on the highways. Talks were also given by Bud Holtz and Mrs. Helen Burke, candidates for precinct committeeman. Rep. W. J. Murphy aided in the program.

Cmdr. James Mueller of the V. F. W. estimated the attendance at 120, which was in spite of the inclement weather, showing that safety on the highway is a concern of many people.

Mrs. Grace Strahan is shown with the sketch she made of Mrs. Clarence Olson, president of the Antioch Woman's Club, on Monday afternoon when the Brush and Palette Club presented the 'Women's Club' program at the Scout House. Mrs. Olson is sitting for her colored chalk likeness and in the rear is Eugene Bakes with the casein study he made of Mrs. Jerry Vogler.

ATHS Students Receive High Ratings at the District Music Contest

Antioch Township High School music students received a number of high ratings at the District 1 music contest Saturday. Antioch students won seven "Superior" and ten "Excellent" ratings. The contest was held at Grant High School in Ingleside.

Winners of "Superior" ratings were Penny Storch, piccolo solo; Steve Aschenbrenner, flute solo; Ken Appleby, cornet solo; Sue Romer, clarinet solo; Sonya Pickus, horn solo; Nancy Cribb and Steve Aschenbrenner, flute duet; and the clarinet quartet composed of Sue Romer, George Mantis, Oma Belke and Barbara Poulsen.

Winners of "Excellent" ratings were Oma Belke, clarinet solo; Dee Stillson, tenor sax solo; Sigurd Nielsen, horn solo; Dale Armstrong, flute solo; Sharon Langbein, bassoon solo; Bryan Cain, cornet solo.

Ensembles winning "Excellent" ratings were the flute trio: Judy Apostolou, Penny Storch, and Dale Armstrong; brass quartet: Lance Kelsler, Charles Bruhn, Bill Wolfbarger and Jim Prossie; clarinet quartet: Jill Anderson, Maxine Lemke, Dotty Close and Peggie McNiel; and the horn quartet: Sonya Pickus, Nancy Wetterberg, Sigurd Nielsen, and Bill Wolfbarger. Accompanists included Mrs. Margaret Aschenbrenner, Sonya Pickus, Lois Wagner and Sue Romer.

Henry J. Ruggles, 76, Dies After Brief Illness

Henry J. Ruggles, 76, Route 3, Oak Lane, Channel Lake, died Sunday at Victory Memorial hospital, Waukegan, following an illness of several months. Mr. Ruggles was born January 14, 1882 at Bronson, Michigan. He moved to Chicago, then to Elmhurst before coming to Antioch 11 years ago.

He was a member of the Oak Park Masonic lodge and was a graduate of Bronson High School, Cleary College at Ypsilanti, and the University of Michigan.

In his earlier years he was a teacher and manager of a high school and for several years executive manager of the Chicago and West Towns Chamber of Commerce. For the past 25 years he had been engaged in the carnival business.

Survivors are his wife, Wanda, and a son, Robert C., both of Antioch; two sisters, Mrs. May Lewandowski, Greeley, Colo., and Mrs. Myra Moffitt, Coldwater, Mich., and two grandchildren.

Funeral services were held at 1:30 today (Thursday) at the Strang Funeral home. The Rev. Clarence Wittenstrom, pastor of Bethlehem Evangelical Church of Elgin had charge of the service. Interment was in Hillside cemetery.

Carpentier Appointed Supt. of Antique Auto Meeting at State Fair

Springfield, Ill.—Secretary of State Charles F. Carpentier has been appointed by Governor William G. Stratton as Superintendent of the Antique Auto and Sports Car Meet at the Illinois State Fair.

The Meet will include an exhibit of antique, classic, special merit and sports cars throughout the Fair from August 8 through August 17, and competition for trophies in 23 different classes and a parade before the grandstand on Saturday, August 16.

Last year the event attracted 225 entries, Secretary Carpentier said.

Harry Wheeler Burdwin, Employee of Mrs. Paulson, Dies Following Illness

Harry Wheeler Burdwin, 84, 1170 N. Ocean Blvd., Palm Beach, Fla., died Feb. 10, following a long illness. He was born Feb. 4, 1874, in Rochester, New York. He was an employee of Mrs. Henry Paulson of Antioch and Palm Beach.

Mr. Burdwin was a bicycle rider at one time. He rode 100 miles in one day, 122 times; 200 miles in one day 7 times, and 300 miles in 36 hours, once. He rode his bicycle daily until his illness prevented his riding.

Funeral services were held at the home of Mrs. Paulson, Ocean Blvd., Palm Beach, followed by cremation.

For quick results, place a want ad by calling 43 or 44.

Will Purchase Street Sweeper

In other business the board discussed the purchase of a street sweeper which is considered a must at an early date. It is probable that the purchase may run as high as \$8,700, and it will be necessary to buy it on an installment plan at low interest. Trustee John Blackman was told to investigate the needs and costs.

The board voted to terminate any interest in the storm sewer controversy between Herbert Horton and St. Cyr Products Co., at Dwight Court. Trustee Bernard Osmond said that the village had rodded the storm sewer for the last time and that future difficulties must be worked out between the two. Other trustees agreed and the vote was

unanimous. **Approve Residence Remodeling** Joseph Horton was given approval to go ahead in developing plans to build four apartments in the former Chinn residence on Victoria street. The house, once the show place of Antioch, will be remodeled into small apartments for adults only. The plans must be approved by the village building commissioner and board before the change can be made. Horton said the materials in the building are good. He plans a full new basement.

Sewer and Water Supt. Charles Mapleshorpe was given permission to attend sewage operator's school at Springfield March 11 and 12 at village expense. He was instructed to take some man with him to learn sewage plant operation as a substitute.

ADJUDICATION AND CLAIM DAY NOTICE

NOTICE IS HEREBY GIVEN to all persons that the first Monday of April, 1958, is the claim date in the estate of GEORGE H. MAY, Deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A. M.

Sea Partners Are Clownfishes and Sea Anemones

WASHINGTON—There are curious partnerships among sea animals.

Such, for example, is that between the large sea anemones of the waters around the Palau Islands in the South Pacific—flower-like creatures closely related to corals but without hard skeletons—and the highly colorful little "clownfishes." The anemones are static animals that live by entrapping other organisms with their stinging tentacles.

The curious cooperation is described by Frederick M. Bayer of the U. S. National Museum and Dr. Robert R. Harry-Rosen of the George Vanderbilt Foundation in the annual report of the Smithsonian Institution just published. The two scientists carried out an extensive study of sea life around the islands.

The anemones, they say, allow the fishes to seek protection among their tentacles whenever danger threatens. The clownfishes, stay far from their hosts and are ready to dart down among the stinging tentacles at the first hint of danger.

"It is believed," says the report, "that the fishes avoid being stung by swimming in a distinctive fashion that is recognized by the coelenterate (anemone). Clownfishes have been seen to drag food to the waiting tentacles of the anemones but, on the other hand, we have watched one seize tentacle of its host in its mouth and with a few quick tugs pull it loose and eat it. This finny ingrate expected, and received, sanctuary from the very anemone it had been nibbling upon; for it dashed headlong among the tentacles when we approached too closely."

Some investigators have suggested that by eating bits of the anemone the clownfish builds up an immunity to the nematocyst poison, but this has never been confirmed.

It does seem fairly certain, however, that the clownfishes recognize their preferred species of host anemone partly by sight and partly by chemical emanations.

Economy Outpaces Personal Savings

NEW YORK—The American people have rung up a series of outstanding economic records year after year in the prolonged period of prosperity since the end of

World War II, with one very important and vital exception. That is in the matter of personal savings.

Figures compiled by the U.S. Department of Commerce show that, while the economy as a whole has expanded by about 20 per cent in the period from 1953 to date, personal savings have little more than held their own in dollar amounts for the period as a whole and have actually fallen in relation to the growth in income. The period since 1953 is taken as less subject to abnormal conditions and influences than the preceding war and post-war years.

Cite Opportunity For Health Education

NEW YORK—A record school population of 40 million currently in the United States—one-third greater than in 1950—offers excellent opportunities for school health education, the Metropolitan Life Insurance Company reports.

With the death rate in the 5-17 year old age group down to only 8 per 10,000 in 1956, largely because of the control of infections, the major risks to life in childhood are now accidents, cancer, and heart disease.

Health conditions cannot be measured by mortality alone, however, the Metropolitan points out. Even today many school children have physical or emotional disorders which, though not a threat to life, do affect their state of health and their daily activities; and some of these may become a source of difficulty in later years.

Home Ownership, Income Are Related

NEW YORK—Consumers with incomes of \$5,000 and over now own more than half of all the non-farm homes in the country, according to data compiled by the Federal Reserve System in its Survey of Consumer Finances.

The comparable ratio of home ownership for this income group was less than a third in 1949, when a much smaller proportion of the nation's spending units had a \$5,000 a year income.

The figures show that practically 8 out of every 10 nonfarm spending units with incomes of \$7,500 or more were home owners as compared with fewer than 7 out of 10 in 1949.

Now You Know
WASHINGTON—For whatever it may be worth as a point of information: Scientists have decided that the zebra is a light-colored animal with dark stripes—not a dark one with light stripes.

Wonderful World by Waldman

Two birthdays will be celebrated on March 15 at the Antioch High School from 12 noon to 5 p. m. An exhibit with two programs will be presented by the Lakeside Council Girl Scouts. Tables containing the skills and crafts the troops have

worked on in the past year will be on view for the public.

Brownie Scouts will present a program with songs, skits and dances. A special Choral Reading on the Eleven Program Fields will be presented by the Intermediate Scouts of the council, to commemorate the 48th birthday of Girl Scouting in the U. S. A., and the 10th birthday of the Lakeside Council.

Being a member of the Mundelein Council, it was realized with the increase of more troops, the size of our area warranted its own council. With 100 girls in 8 troops, the Lakeside Council was organized in

November of 1947, with Mrs. C. M. Trowbridge, formerly of Grayslake as the first president. At first, only Grayslake, Round Lake and Antioch were members. Later Lake Villa, Gages Lake, Fox Lake and Ingleside joined the council. Now, just 10 years later, the Lakeside Council brings the Scouting program to 80 troops with over 1200 girls. Still active with the council since 1947 are Mrs. A. H. Kaufmann of Antioch and Mrs. Anders Nordling of Lake Villa, council registrar. At present, Mrs. Eugene Erickson of Round Lake is the council president.

Ten girls from Round Lake Senior Troop No. 76, with Mrs. Lloyd Cowell as leader, will become Marine Scouts. The second such troop to be formed in the Lakeside Council, will have their investiture ceremony on Friday, March 7, at the home of Richard R. Teasdale in Grayslake, from 7:30 to 8:30 p. m. Venetian Village Marine Scout Troop No. 66, with leaders Mrs. James Rathbone and Mrs. Bert Henry, will invest the new troop. The ceremonies consist of a Father Neptune initiation where the girls become full fledged "Shellbacks." Girls to be invested are, Woodine Baumgartner, Joy Cortese, Anne Davila, Dolly Hall, Joan Howard, Joanne Janiszewski, Bonnie Spinney, Roberta Stoessel, Joanne Wolfen, all of Round Lake, and Arlene

Teasdale of Grayslake.
Sunday, March 19 is Girl Scout Sunday, and all Girl Scouts are urged to attend their Church in uniform.
As part of "My Trefoll" badge, (visiting other churches, learning about and understanding religions other than their own), Intermediate Troop No. 53 of Round Lake, with Mrs. William Clayborn leader, will visit Temple Am Echod in Waukegan on Saturday, March 8.

Medical Findings Often Result Of 'Happy Accident'

CHICAGO — Most "accident-prone" individuals are considered a liability in their work, but there are some "happy accident-prone" people who are pretty important. They're the researchers, scientists, and doctors who accidentally discover some important thing while looking for something else, according to a special article in the Journal of the American Medical Association.

Among the most famous of medicine's "happy accidents" are Fleming's discovery of penicillin when he left a Petri dish uncovered and van Leeuwenhoek's discovery of bacteria when he focused a magnifying glass on a drop of water instead of on a fly's leg. Out of these grew the "penicillin age" and the science of bacteriology.

This ability to make some valuable or pleasant discovery without deliberately looking for it is called serendipity.

The most recent serendipitous event to make headlines was Dr. Winston H. Price's discovery of a common cold vaccine. This researcher at the Johns Hopkins School of Hygiene and Public Health was not looking for a common cold preventive, but was working on isolating influenza viruses.

Some of medicine's happy accidents include:

—The conquest of smallpox after Edward Jenner recalled the boast of a former milkmaid that she was immune because she had had cowpox—which then became the agent for mass immunity against smallpox.

—The development of the stethoscope after a Paris physician, Rene Theophile Laennec, saw children tapping messages to each other along opposite ends of a discarded plank. He recognized in the game the principle of the stethoscope.

30-Ton Killer Roams Coastline

LOS ANGELES—A 30-ton killer, as vicious as a shark but as playful as a porpoise, roams the California coast, making forays into such well-known waters as Santa Monica and Monterey Bays.

This is the killer whale, which has been an object of special study by Dr. Richard Boolootian, zoologist at the University of California,

Los Angeles. Dr. Boolootian has observed these whales killing cormorants, apparently for the sheer pleasure of killing. They seize the birds, kill them, and spit out the bodies.

He has also seen the marine killer come in as close as four or five feet offshore, leaping out of the water, swimming on its back, and engaging in other playful antics much in the manner of a porpoise.

"There is no record of a killer whale killing a human being," Dr. Boolootian says. "People just don't stop to argue with them."

Visual Checkups Aid School Work

CHICAGO — Approximately 450 textbooks have to be studied nowadays during the school years from first to twelfth grade. And from the grades to college more than 90 per cent of school failures can be blamed on poor reading ability. The startling fact is that from 50 to 70 per cent of the slow-reading pupils have normal or even superior intelligence but are handicapped by seeing problems.

When you read a page of print, your eyes make a series of stops. The number of stops depends on the number of words your eyes can grab at each fixation. The slow reader (150 words or less a minute) stops at almost every word and quickly tires. The fast reader takes in several words at each brief pause.

Comics, TV Mix With Good Books

LOS ANGELES — Parents shouldn't hold books up to their children as "something good" while deriding television and comics as a "waste of time."

This attitude, according to Mrs. Doris Ryder Watts, visiting lecturer in children's literature at the University of California, Los Angeles, creates the impression in a youngster's mind that books, like castor oil, are good for you—but are most unpleasant.

This leads to erroneous conclusion that if suspense, excitement, and thrills are wanted, one must turn to the comics, TV, or movies.

Mrs. Watts believes there is no reason why young people shouldn't think of a book as a synonym for adventure.

Farm Acres Increase

NEW YORK—The typical American farm in 1940 contained 174 acres; by 1950 the average size had grown to 215 acres and that may go to 220 acres by 1960, according to a recent study.

Moose Mixed League

Sunday, Feb. 23

The Ends had high team series, with games of 742-750-692-2184.

The Mites had a score of 763, and the Ten Pins 762 for high game and a close second.

J. Fura with games of 219-184-156

—559 total was high individual

scorer, and also had high game of

219. R. Atwood, with games of 196-

200-159-553 was second high.

Most unusual, all the winners

took all three games from their op-

ponents, as follows:

The Ends beat Moose Tops; the

Stumble Bums beat The Antlers

Gutter Dusters beat Moose Tales;

Moose Hoofs beat Blue Moose; Ten

Pins beat Moose Odds, and the Mites

beat Rusty Four.

This week the ladies showed the

men they could do it too, as Helen

Mount shot high game for the night

with a 222. Her other games were

153 and 164 for a very nice 539

series. Patie Tanner wasn't far be-

hind with 175-201-158 for 534. Ar-

lene Nelson got into the act too,

with a 197 her last game.

Fly By Night Mixed League

Wednesday, Feb. 26

Wilson's Laundromat claimed

high team series, with games of 739-

814-791-2344 total.

Adelle Sorwell was high individ-

ual scorer, having games of 163-

198-215 for a total of 576.

Four Aces won two games from

Old Hickory.

Jim's Service Station won two

games from Pfaff's Needlers.

Wilson Laundromat beat Antioch

IGA all three games.

Wednesday Night Businessmen

February 26

Decker's Tavern had high team

series, with games of 807-952-833 for

a total of 2652.

Chuck Kadlec of Decker's had

high individual series, bowling 180-

236-186-602 total. His 236 game

was high for the evening.

Lahti Oil Co. won two games

from Bill's Service.

Decker's Tavern beat George's

Bar all three games.

Gaston Printing beat Willow

Farm all three games.

Badger Auto beat Grove Supply

all three games.

VFW won two games from Pick-

ard China.

Lasco's Honeydippers won three

from Weber Duck Farm by forfeit.

Bi-State League of Antioch

Thursday, February 27

It sure looks like John Gaa and

Son team cannot be stopped. Gaa's

won all three from Old Hickory,

making it 34 games won out of the

last 36—some record! R. Kraft and

C. Moran paced the Gaa's with 561

and 573 respectively.

Conrad's Cozy Corners shot high

team series—2665, winning three

from Esther Williams Pools. Frank

Huss whacked 577-213 for Conrad's.

Haydon Homes had high team

game of 972 and with the help of

Mike Hruby's series of 565-227, won

two games from Rudolph's Turkeys.

C. Lonergan sparked Kirchmeyer's

to three wins from Cunningham

ham Cartage. Chuck shot 603-237.

G. Hartman's 566-217 series was

just what Antioch Sheet Metal need-

ed to win 2 games from Adolph's.

J. Nihil of Masek's had high individ-

ual series of 628-242, but his team

lost two tough games to Linder's

Liquor. Ed Slavik and Ray Atwood

had 593 and 578 to snap Linder's

out of their losing streak.

Standings

1—John Gaa & Son 55 20

2—Masek's Service Sta. 42 33

Wilnot Wins Sub District, Advances to Dist. Playoff

Wilnot High Panthers exploded to three straight wins to capture the sub-district tournament crown. In winning they scored upsets over the best the Southern Regional had to offer.

Coach Bob Handke's quintet trimmed Walworth's Warriors 58-41 in the finals Saturday evening. The previous night they defeated Williams Bay, the league champion and earlier in the week they downed Sharon.

The tournament triumph sends Wilnot to East Troy next week-end for a district playoff with three other champs, with the winner advancing to the Whitefish Bay sectional tournament.

The Panthers continued to show improvement Saturday night, swishing 44% of their field goal attempts. They were led by Don Amborn with 11 points, and Bob Kramer and Wally Partenheimer with 10 each. Harness led Walworth with 12 points.

Salem Loses to Delavan 59-43 in Sub-Regional

Delavan finishing strong in the second half Tuesday, eliminated Salem Central, the host school, from sub-regional play by a 59 to 43 score.

Coach Dorm Gram's Central five, playing aggressive ball enjoyed a seven point lead at halftime, but the tide changed when personal fouls committed in the early minutes of the second half forced Central to resort to cautious play.

Delavan taking advantage of the situation outscored Central by 23 points in the final 16 minutes of play.

Leading the Falcons were Ray Lubkeman and Ronnie Gates, both with 15 points, and Dick Skora with 10. Bill Lauterbach led Delavan with 19 points.

The loss ends Salem's season with an overall record of 9 wins and 12 losses.

It is estimated that at least one million U. S. Government employees stamp papers "secret."

Seniors to Replace Teachers, Administrators On Student Government Day Mar. 12 at A.T.H.S.

Four Pass First Exam For State Scholarship

Four of the Antioch Township High School seniors who took the state scholarship examination recently at Lake Forest recently were notified they are eligible for the semi-final selection.

They are Tom Sanhamel, Judie Pyles, Nancy Wetterberg, and James Burke.

Within two weeks, high scorers in the test will receive scholarship application forms by mail. Of these forms, semi-finalists will be required to provide residence information and indication of college choice. In addition, these students will be required to submit a high school transcript up to the end of the seventh semester in high school. Applicants desiring stipend awards will also submit confidential information which will provide a basis for determining the amount of monetary aid. Deadline for the return of these completed forms will be March 17. Dr. Smith estimates that all applications will be processed by April 1. On that date award winners will be named.

Dr. Smith stated that the Illinois program will send approximately 1,500 students to college during the 1958-59 school year who would otherwise have been unable to finance high education. Under the Illinois plan, scholarships are renewable without further examination. Approximately 1,500 new stipend scholarships will be added each year.

Sodors Want to Open Marine Hardware Shop

Mr. and Mrs. Edward P. Soder, Jr., of Grass Lake road have asked a variation in zoning from farming to B-1 business for five acres of their property one-eighth of a mile east of Rte. 59.

The hearing will be before the Lake County Zoning Board of Appeals at 1:30 March 25.

Soder is anticipating opening a marine hardware and paint store. It will be a short distance east of the new filling station that Louis Nielsen is constructing at the highway intersection.

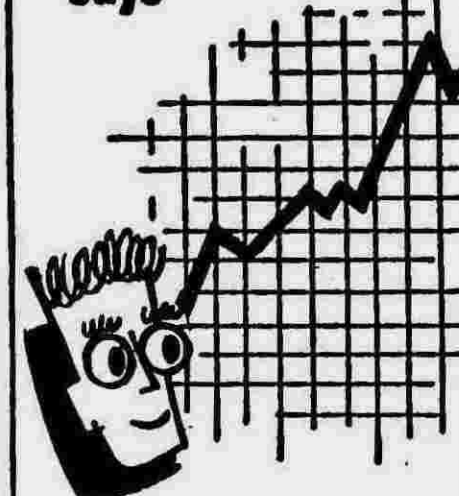

That's a Lot of Money—OVER SEVEN AND ONE-QUARTER BILLION DOLLARS—that is the estimated cost of the nation's traffic crashes, according to Thomas N. Boate, manager of the Accident Prevention Department of the Association of Casualty and Surety Companies.

The pro rata share for each of the nation's citizens amounts to \$42.23. Included in the sum are charges for property damage, automobile repair, legal and medical fees, insurance expenses and loss of income through absence from work.

One out of every seven girls in the United States is a Girl Scout.

Girl Scout Week, March 9-15, 1958, will be celebrated by more than three million girls and adults, the largest membership in Girl Scout history.

EDDIE the EDUCATOR says

Almost all prices are going up. School costs are too. Where is the money coming from? Shall the taxes be on property, income, sales, or in some other form?

Illinois Education Association

Senior students at Antioch Township High School will take over duties of teachers and administrative personnel on March 12 as a part of Student Government Day sponsored by the Student Council and operated through the American Government classes in which only seniors are enrolled.

The purpose of the day is to enable the seniors to put into action some of the principles of good government they have learned and to study the close working relationships of their school system as a basic institution in their community.

Some 60 seniors will actively participate in this program by teaching classes. To prepare themselves, each student who is teaching will audit classes on Tuesday and meet with his respective teacher at 3:20 on that day to get organized for the following day.

On March 12 the Seniors are placed in all positions of responsibility throughout the day. They will carry on the actual work in most areas from early in the morning until 3:20. At 3:20 all seniors and school personnel will meet in the cafeteria to discuss and evaluate Student Government Day. The Council will provide the refreshments. On March 13 the pupils and teachers must get together to follow through on any problems which developed on March 12.

The schedule released for this day showed the following assignments:

Faculty:

Principal—A. L. Dittman—Frank

Ferdon.

Asst. Principal—Warren Polley—Robert Poulsen.

Counselor—Frank Denison—Dennis Goodenough.

Office Secretaries—Mrs. Lola Lovewell—Paula Zeien; Mrs. Gladys Clarke—Rose Ellen Furlan; and Mrs. Edna Radke—Patricia Dressel.

Mathematics—Donald Cramer—Richard Kopecky; Josephine Die-

thelm—Joel Armstrong; and Mrs. Betsy Houghton—Roy Hartman.

Science—Elmo Edwards—David Mitchell; Elroy Robinson—James Berke; and William Seemann—Joan Burton.

Music—Louis Chenette—Ken Appleby; and Kenneth Smouse—Lois Wohlfeil.

Social Studies—Mrs. Jeanette Tulumello—Donna Gibbs; William Baird—Tom Sanhamel; and William Johnson—Karen Rentner.

Industrial Arts—Melvin Stillson—Elvin Meyer; Stuart Good—Dennis Bell; and William Romoser—Jerry Dittmer.

Boys' Physical Education—Larry Leon—Arthur Hanke, and Robert Walther—Bill Hart.

Girls' Physical Education—Miss Nary Donovan—Peggy Cardiff; and Miss Lorraine Frantz—Maureen Smith.

Commercial—Ward Lear—Judy Zelbor; and Miss Esther Slavin—Cathy Arndt.

Latin—Miss Ruth Poczekaj—Gwenn Royer; and Spanish—Mrs. Carol Mapletorpe—Judy Sheehan.

English—Miss Nancy Denby—Richard Jonas; Miss Patricia Howard—Mary Forbrick; Miss Barbara Best—Judie Pyles; Mrs. Patricia Zea—Sue Carol Barnstable; and James Corrigan—Agnes Pleviak.

Librarian—Don Chiappetta—Sharon Ott.

Home Economics—Mrs. Kathleen

Walther—Nancy Ballitz.
Mrs. Dorothy Romoser—Annabelle Hribar.
Janitors—Head janitor—Wayne Herbst; other janitors—Bob Wertz, Patrick Roach, Ken Krieger, Charles Hucker, Royal Rockow, and Bill Carney.

Kitchen Help—At beginning of school—8 a. m.—Head—Diane Domek; others—Alice Stanton, Eleanor Storch, Carol Marotta, Bonnie Verhagen, and Mary Rudolph.
At 11 a. m. for clean-up—Betsy Frazier, Siggie Petersen;
At 11 a. m. for soda bar—Donna

Deppe, Wanda Schlunz, and Carol McGlynn.
At 11 a. m. for cash registers—Barbara Galiger, and Barbara Althouse.
At 11 a. m. for counter work—Judy Bentel and Janet Eppers.
Dishwasher—Dave Smith

WIN A CASE OF MARY DUNBAR PEACHES!

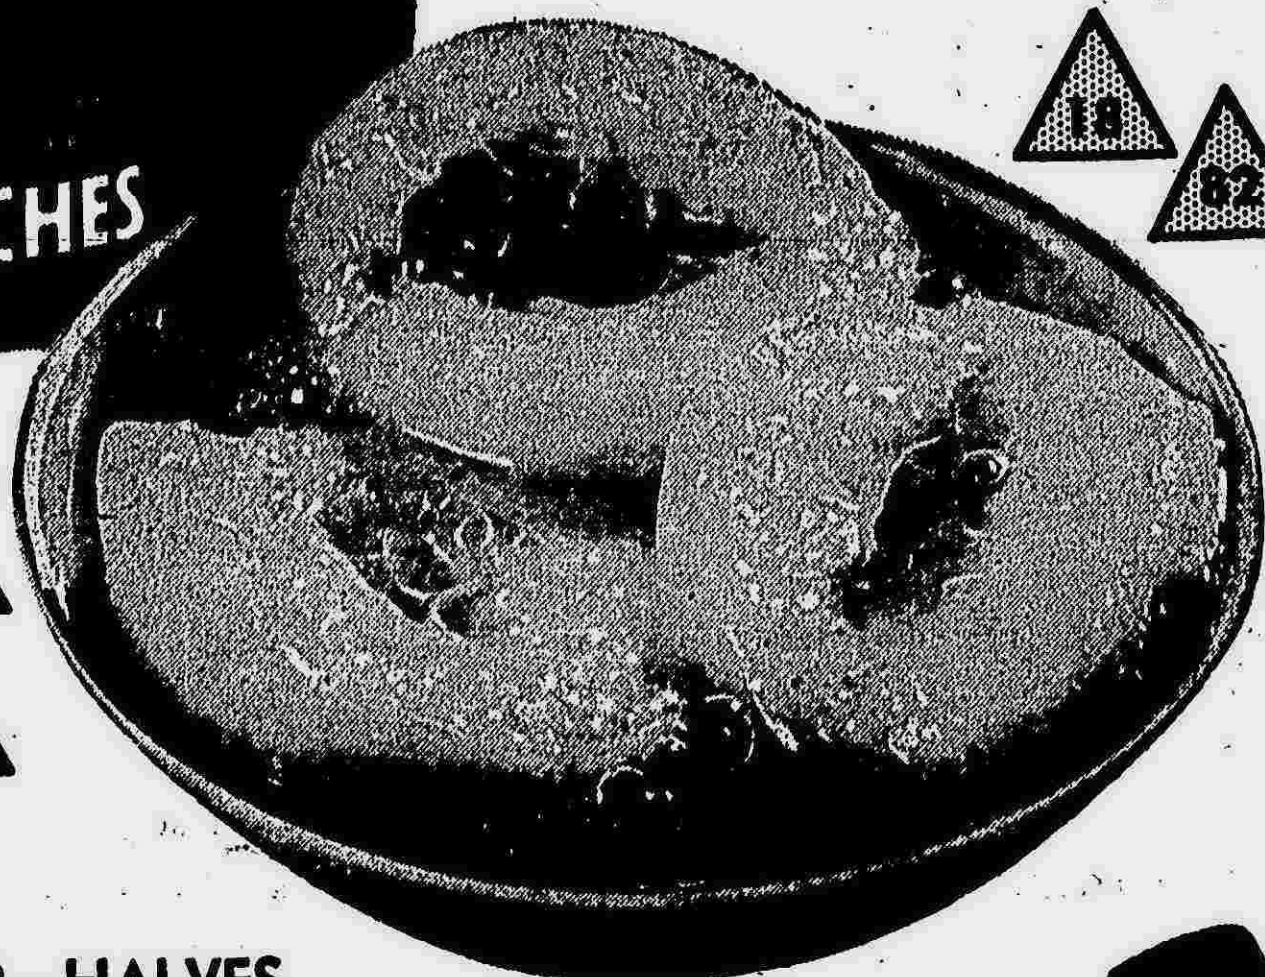

**Play Jewel
Extra Value
Line-Up!**

Even Grandmother couldn't tell the difference between Mary Dunbar Elberta Peaches and the ones she used to can herself! Only big sweet Elberta Freestones (the ones with the familiar raggedy centers) are canned under Jewel's own fine quality Mary Dunbar label.

Because the sugar increases as the peach ripens, Mary Dunbar Elbertas are left on the trees until fully ripened by the California sun. Then an extra heavy syrup is added to bring out all of that sweet tree-ripened flavor. If a cannery mixes green peaches in with ripe ones, Jewel buyers will reject the entire pack... for the green peaches will act like sponges and soak up the sugar from their riper brothers. No wonder Mary Dunbar means the best you can buy!

Imagine what a treat it will be for your family if you win a case of these tender golden peaches while playing Jewel Extra Value Line-Up! And remember, you always win when you choose Jewel quality!

YESTERDAYS

YESTERDAYS
40 Years Ago—This Week—
Feb. 28, 1918

William Keulman was the victim of a pleasant surprise party Tuesday evening, the evening being his birthday anniversary.

Food Administrator George Mitchell has a number of war time recipes for the conservation of wheat and sugar and the use of vegetables, which are posted in the Lake Villa postoffice and all who are interested may copy.

Judging from appearance, one is led to believe that spring is really here. The huge snowbanks are almost a thing of the past. The autos are once more flitting about and more than that, it is reported that numerous flocks of geese have been seen flying in a northerly direction.

The Antioch Commercial Club has already taken steps to advertise the town as a resort.

March 1, 1932—26 Years Ago
 The estates of E. J. Lehmann and E. W. Peacock of Lake Villa have contracted to have beautiful swimming pools installed on their grounds this spring.

Antioch's quarantine which has been in existence since February 12 will be lifted at noon on Saturday, according to the local health commissioner. During the entire period, there were 22 cases of scarlet fever under observation.

P. E. Chinn is fumigating the Crystal Theatre this week.

25 Years Ago
(March 2, 1933)

The Antioch High School Jazz Orchestra gave an assembly program at Grant High last Friday in exchange for a program presented here by several of the students of Grant a short time ago. The orchestra has accepted an invitation to play for the Grant "Prom" on April 22.

Antioch's Sequoits were defeated twice when they ventured upon Barrington's floor last Friday night. The lightweight squad lost 50-14 and the heavyweight five lost 39-28.

The heavyweight game was an evenly matched contest in which both teams were able to keep the score almost at a tie until the fourth quarter, when Barrington piled up enough points to make the game fall decisively in her favor. The score was tied at the end of the first period and the score stood 11-11. The Barrington boys shot out ahead in the next period and the score stood 19-14 in their favor when the two teams rested in the middle of the game. Antioch came back in the next session and the period ended with a score of 26-24 with Barrington still ahead. In the last part of the game, Barrington repeated the heavy scoring streak of the second quarter and won the game 39-28.

The lightweight five from Barrington had no trouble at all in taking their game and running up 50 points to Antioch's 14.

The forty year old orange tree in the first grade room of Antioch Grade School is blossoming this week and will undoubtedly bear a crop of ripe oranges before so many months are up. More than a dozen ripe oranges were picked from the tree around the Christmas holiday season.

The tree was planted from an orange seed about 40 years ago by Miss Ella Ames who later gave it to S. E. Pollock at the greenhouse. It occurred to Mr. Pollock that the tree would be enjoyed by the children, and three years ago he placed it in the primary room.

The orange tree is about three feet high and shrublike in appearance. It blossoms twice every year. The oranges are sometimes three inches in circumference, but are usually tasteless.

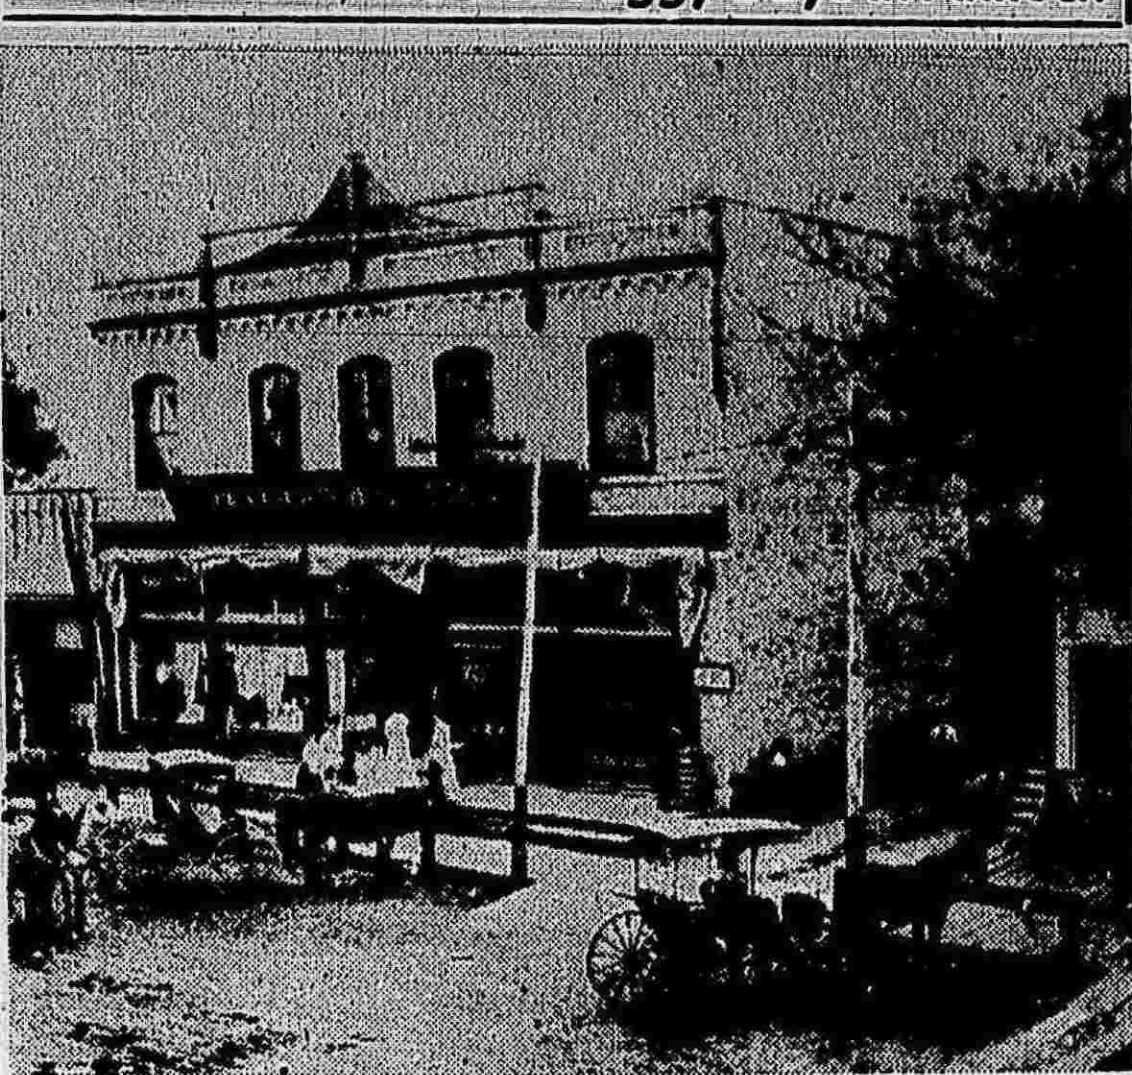

W. C. Petty, county superintendent of schools, spoke last night before a taxpayers' organization at Libertyville on School Finances. Mr. Petty will speak Tuesday at a meeting of the Parent Teacher Association at Beech School in the northern part of Lake County.

Fires destroyed two buildings and six cars on the Otto Lehmann estate near Lake Villa and earlier in the day damaged the interior decorations at the John H. Heinzelman residence near Cross Lake, called out the Antioch volunteers Tuesday.

An ell shaped tool shed and blacksmith shop, housing six automobiles, most of them the property of employees, was destroyed in the Lehmann fire Tuesday night which threatened to burn down the barns housing twenty-one valuable race and riding horses. The fire departments of Lake Villa, Round Lake, Fox Lake, Grayslake and Antioch worked for several hours to prevent further damage. One of the barns caught fire but the blaze was extinguished before it had been damaged to any extent. A shed which housed the lawn mowers also was burned.

An attack of hiccupping, developed by Mayor Cermak of Chicago last night, left his physicians with little hope for his recovery early this morning. Reports from the Miami hospital were that he was

Back in the Horse and Buggy Days in Antioch

This was Williams Department store back at the turn of the century, many years before the building received its face lifting and was modernized. The sidewalks were of wood and the wood sidewalks across the street prevented the long skirts of the women dragging in the mud.

very weak. Mayor Cermak was shot two weeks ago in an attempt on President-elect Roosevelt's life. Since that time he has been at the verge of death twice. A report from the hospital early this morning said he could not last twenty-four hours.

The fire at the Heinzelman residence broke out early Tuesday morning. It is believed a defective oil burner was the cause. Damage to the Heinzelman house was done largely by smoke which streaked the walls and drapes. The carpet-

ing was also damaged as it was torn up with the floor to get at the blaze. Mr. Heinzelman who had gone to the basement to find the source of the fire was unable to return to the upper floor of the house where he had left his wife, who is an invalid, and her nurse, Miss Mary Anderson.

Mrs. Heinzelman and her nurse left the building by a ladder with the aid of James Stearns, fire chief. Mr. Heinzelman is a wealthy ice manufacturer.

A program of musical numbers and readings followed by a play was given at the Penny Social held at the Methodist Episcopal church Monday evening. Following the program, games including ping pong and jig-saw puzzles was provided for amusement in the church dining room. A penny cafeteria supper was served at the close of the evening.

Mrs. Lois Loeper, who works at the Wetzel Bakery, has returned this week from a vacation of several weeks.

Mrs. Evan Kaye and Mrs. Elmer Brook held high score this week at the Tuesday Bridge Club which was entertained by Mrs. William Rosing at her home.

Mr. and Mrs. S. Boyer Nelson were host and hostess to their bridge club last Sunday evening at their home. Twenty guests were present. Mr. and Mrs. C. E. Neilsen of Racine were out of town guests. High scores were held by Mrs. William Anderson, Mrs. Fred Hackett, Fred Hackett and Lester Osmond.

TAX FACTS

"Illinois taxpayers can be forgiven if they are confused about government," the Taxpayers' Federation of Illinois said today, "because of the large number of governments which serve and control them."

In addition to the Federal government and the State itself, more than six thousand local governments operate within Illinois. They can be divided into five major types: counties, townships, municipalities, school districts and special districts. Probably the type creating the most confusion is the "special district."

Special districts are set up for a single purpose, but they have all the attributes of a government: they are organized entities with governing officers and a high degree of fiscal and administrative independence. Most are created by referendum and many have tax-levying powers.

Activities which have been assigned to special districts are revealed by this listing: airport authorities (21); drainage districts (783); fire-protection districts (507); housing authorities (106); mosquito abatement districts (16); park districts (144); public library districts (12); river conservancy districts (3); sanitary districts for sewage (65); soil-conservation districts (97); street-lighting districts (6); surface water protection districts (1); tuberculosis sanitarium districts (30); and water supply districts (6). Wild life districts and river districts are authorized but none are now in existence. Other special districts include road districts, forest preserve districts and county health districts.

The total 1800 special districts which the U. S. Census Bureau counts for Illinois place it far in the lead among the states in number of such governments. If the list were limited to the 828 special districts listed by the Illinois Department of Revenue as having power to levy property taxes, Illinois would still place in the top five states.

To help the taxpayer understand these numerous governments with but a single activity each, the Taxpayers' Federation of Illinois plans a series of brief reports, describing for the major types the method by which they are created, the kind of governing body, power and duties, and fiscal authority. In announcing this series, the Federation said "It is hoped this service will help citizens in their difficult and demanding task of self-government."

"Early American" Returns To Farm Home Decorating

There's a return to "Early American" in farm home decorating, the experts say. Early American covers a group of styles and designs handed down from our early colonists—adaptations from France, England and Holland.

The provincial charm and warm, casual appearance make this period perfect for a farm home, says an article in the March issue of Successful Farming magazine. You can use it alone, or combine with other styles.

Woods are mostly maple, pine, and cherry, and the pieces are "trestle, doughbox, cobbler's bench tables, Windsor and captain's chairs, Governor Winthrop desks, four-poster beds, hutch cabinets," and others. For upholstered pieces, which combine well with these, you'll find Lawson-style sofas and chairs and wing-back chairs.

Cotton print fabrics in a Provincial design, checks, textures, and tweeds, or linens are appropriate and adaptable with these furnishings. Favorite colors with Early American are blues and soft greens, and warm colors in reds, yellows, and oranges that blend well with maple and pine woods. Wallpaper designs, like fabrics, offer a variety of textures, with Provincial and Early American designs to fit this style of furnishings.

Copies of handmade hooked or braided rugs, with which the early Americans covered plain wood floors, are available in quantity and a variety of colors. Or, if you prefer wall-to-wall carpet, look at the textures and tweeds that have that casual, informal appearance.

For accessories, you can hunt the auctions and antique stores for the little things that give your room a real Early American flavor. Typical of this era are items made of pewter, brass, copper, and milk glass. Paul Revere porridge dishes make wonderful ash trays, candle molds are attractive when made into lamp bases. Use ironstone turquoise for flowers or plants; pitchers for flowers; brass plates, or trays as decorations in a hutch cabinet.

The NEW Super-Right Special Ham

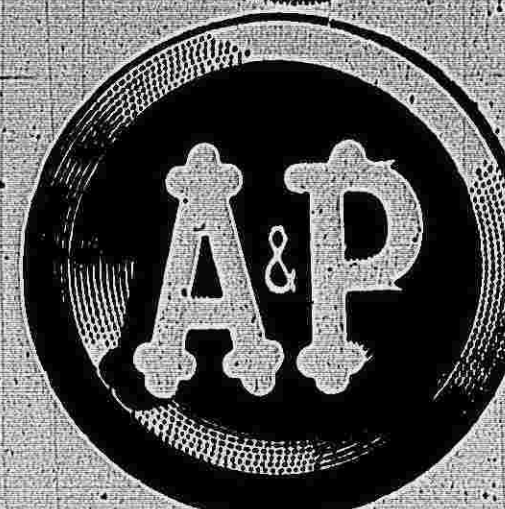

1. Each ham is carefully trimmed: The shank and pelvic bone are removed; only the round center bone remains. All of the skin and excess fat are removed.
2. The hams are then gently cured with a careful blending of salt, sugar and spices.
3. Last but not least, each ham is richly smoked to impart the most delicious smoked ham flavor you have ever experienced.

NO COMMENT

By James W. Douthat

WASHINGTON — Conservatives in Congress applaud President Eisenhower's contention that "economic recovery and growth is not a matter of Washington stop-gaps or panaceas."

They agree wholeheartedly with his conviction that national policies must be followed that will bolster confidence in the future. They support his opinion that:

"Only if such confidence is impaired—and thereby the daily decisions of millions of Americans adversely affected—can our present difficulties develop into a deep and protracted decline."

But, as of the present time, Mr. Eisenhower believes that "the underlying growth factors in the economy remain vigorous and every indication is that they will reassert themselves later in the year."

In this restatement of his views, Mr. Eisenhower seemed to be saying: "don't rock the boat" to those advocating far-reaching government action to combat the present business downturn.

The conservatives in Congress point out that big spending by big government failed to solve the economic difficulties of the 1930's. They also recall that the economic forecasts of the New-Fair Dealers proved completely wrong after World War II and during the mild recession of 1953-54.

During those periods the New-Fair Dealers peered intently into their crystal balls and saw economic gloom and doom ahead. What actually was ahead was just the opposite.

No one claims, of course, that this record necessarily proves who is right and who is wrong today. But it does demonstrate that the crystal ball which the New-Fair Dealers have been using is badly tarnished—and there is no basis in experience for following their recommendations for solving the present economic difficulties.

On the contrary, the policies relied on by the Eisenhower Administration in 1953-54 were followed by a sharp business upturn. Therefore, the conservatives feel that the only safe policy to follow now is to stimulate confidence in the future by giving the principles of private enterprise free scope in our economy. That is the economic system, it is pointed out, that has made the United States the world's greatest nation—and no greater recommendation could possibly be imagined.

Knowland Accepts Challenge
Widespread attention was attracted among politicians in Washington by Sen. Knowland's (R-Calif.) forthright reaction to the announcement that the AFL-CIO would oppose his candidacy for governor of California. To his California constituents—and to the nation—Sen. Knowland said:

"On Feb. 5 at Miami Beach, leaders of the AFL-CIO publicly marked me for political liquidation at the polls this fall.

"I accept the challenge. I shall not evade or avoid the issue.

"As for me, I do not intend to

complacently allow California to become a satellite of Walter Reuther's labor-political empire."

Debt Ceiling Raised

The reasons which, in varying degrees, motivated many of the votes in Congress for raising the federal debt ceiling from \$275 to \$280 billion included these:

1. The belief that a higher ceiling should be voted now to facilitate enactment of tax cutting legislation if this should be decided upon later on. A tax cut probably would reduce revenue for a time—but would be expected to act as a long-run business stimulant.

2. Fear that increased defense spending in prospect might make the present ceiling unrealistic and add to the Treasury's difficulties in handling the public debt. (Members of the economy group in Congress advocate trimming other less essential spending to provide needed defense funds.)

Pannier in Training

PHILIPPINE ISLANDS (FHTNC)—Marine Cpl. Richard R. Pannier, son of Mr. and Mrs. Howard Pannier of 419 Hardin st., Antioch, Ill., is participating in an air, sea and land exercise with the 3rd Marine Division in the Philippines, during the first week of March.

In addition to the 3rd Division, the 1st Marine Air Wing, the U. S. Seventh Fleet, units of the 1st Marine Division from Camp Pendleton, Calif., and Philippine units will make up the assault force for the amphibious exercise, code named "Operation Strongback."

The actual assault will be made at Dingalan Bay, a training area used in the past for similar operations by the Okinawa based Marines.

Louise R. Vos
President

Conducts Experiment with White Rats

Salem Central Student, Jessie Day

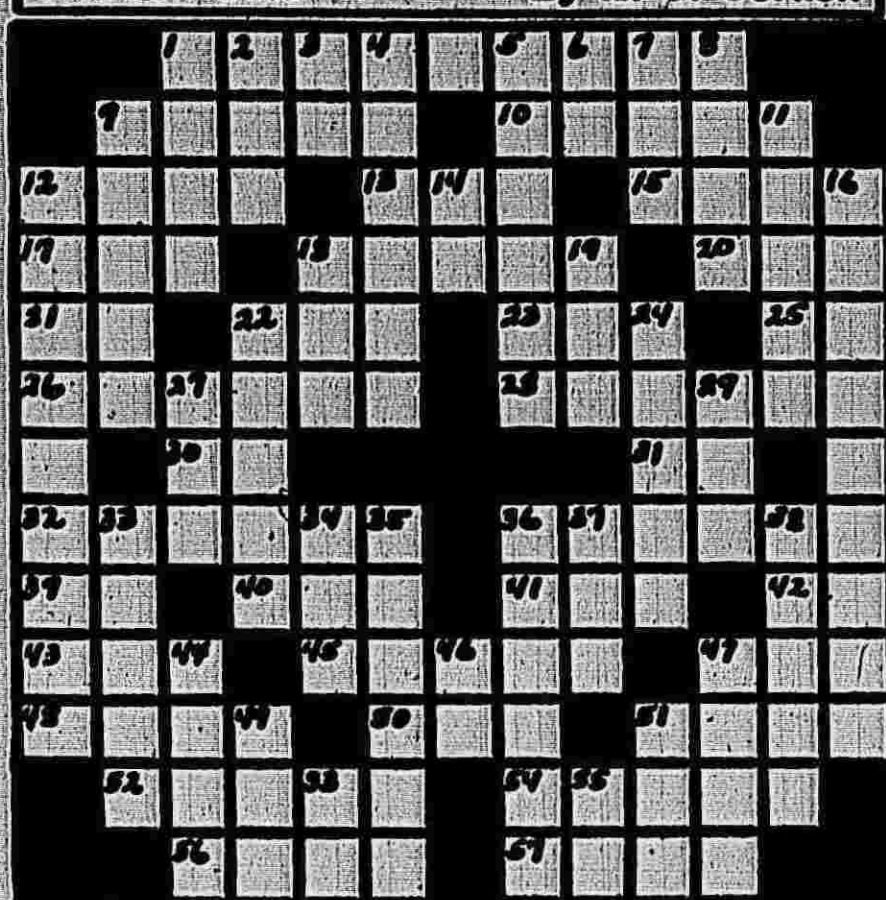

One of the project displays at the Salem Central High School Science Fair on March 20 from 12:45 p.m. to 6:00 p.m. and 7:30 p.m. to 10:00 p.m. will be "Alcohol and Your Liver."

Four white rats, two of which are fed on experimental diets, while two others are being fed normal diets, will show the result of the effect of alcohol on the liver. For the exhibit a preserved liver of one of the experimental rats will be on display. This is Jessie Day's project.

Some of the other experiments being done are: How sun, water, and plant food affect plants; what toothpastes kill bacteria best; the effectiveness of different soaps in killing bacteria; and efficiency of detergents in removing stains in hard and soft water.

There will be first, second and third prizes in each category.

Mr. and Mrs. George Panzer of Gurnee were Friday afternoon callers at the Gordon Wells home.

Mrs. Addie Zimmerman of Antioch and her cousin and house guest, Miss Margaret Wilton from Bostwick, Nebraska, also her brother, Saul Wilton of Antioch, visited Wilbur Hunter and son, Jerry, at the M. E. Van Patten home late Monday afternoon, March 3rd.

Mr. and Mrs. William D. Thompson spent Thursday in Waukegan.

Mrs. E. W. King and Mrs. Grace Turnock of Kenosha called on Mrs. Harrie Tillotson at St. Theresa hospital Saturday afternoon.

Statistics Show That Americans Are Underfed

Is our nation underfed and undernourished? According to most food authorities, the unpleasant answer to this question is "yes". This is borne out by survey figures which show that one out of every ten families does not meet present recommended allowances for protein, iron and niacin; two out of 10 families need more vitamin A, thiamine and riboflavin; and one out of every four families is not getting enough calcium and vitamin C.

The different segments of our food industry, vitally concerned about this lack in the American diet, have scheduled a National Food Conference, to call the nation's attention to what must be done to overcome this problem.

President Dwight D. Eisenhower is wholeheartedly in accord with the purpose of the conference and keynoted the conference himself by making the opening address. The one-day conclave was held in Washington, D. C., on Feb. 24, with key figures in the health, education, food and business fields in attendance.

Some of the more pressing problems of America's nutritional status that were highlighted at the conference were the improvement of breakfast habits, the need for better nutrition in the teen-age years, the special problems of the older person, and the diet inadequacies of industrial workers.

One of the biggest reasons for the nation's nutritional plight was advanced by Rita Campbell, nutritional director of the National Live Stock and Meat Board. She commented, "The increasing tendency of Americans in all walks of life to hurry and rush with their meals is resulting in diets that are far from adequate."

"Food fads, and fad diets, too," she said, "are not the answer to gain health. Teen-age girls have a special problem here. They frequently skip breakfast, and are easily swayed toward fad diets that they think will give them trim figures. Actually, since they are growing so fast and are so active, all teen-agers need more proteins, vitamins and minerals than their parents."

Another area in which fad diets play a dangerous part is in the problem of overweight. Miss Campbell noted that with the current emphasis on the dangers of overweight, too many people are trying to lose weight through unsound fad diets. Instead, she recommended, a sound

Lake Street Back in the Horse and Buggy Days

Business buildings at the left are standing today on Lake street in Antioch although the fronts have been modernized, while at the right there are only residences where the A & P Store and other businesses are situated today. This-phenon was one of the ritzier buggies in the day this picture was taken.

Games Of Famous People

Games have become America's national pastime. Like millions of others, famous people also relax and have fun playing their favorite games.

Presidents, including Eisenhower, have burned the White House lights well into the late hours for government conferences, writing speeches, and to play Chess.

Kate Smith, beloved singer and "The Songbird of the South," prefers the South's very popular Rook card game.

Bob Hope plays the new game of Careers, invented by a college professor, with his four children — who are now embarking on careers of their own.

Guy Lombardo, always a relaxed performer, owns lots of property. His favorite: the real estate trading game, Monopoly.

More Gas Will Be Available Soon for Residential Heating

Marvin Chandler, president of Northern Illinois Gas Company, said last week that he was pleased that an agreement had been reached by various pipeline companies competing to supply additional natural gas to northern Illinois, as was announced in Washington, D. C.

The tentative agreement looks toward immediate construction of a pipeline between Portland, Tennessee, and the Chicago area by Midwestern Gas Transmission Company.

It was stated that the agreement is subject to clearance by the Department of Justice as it may be related to the anti-trust laws. In addition, final approval for the project must be obtained from the Federal Power Commission.

Chandler said, "We are hopeful that completion of the pipeline can be accomplished by the end of this year, but this is far from certain in view of the magnitude of the problems involved. After necessary approvals are secured, it will take many months to build the 350-mile pipeline."

Northern Illinois Gas Company

reducing diet should be used—a high protein, moderate fat, low carbohydrate diet.

Paraphrasing the theme of the conference, "Food Comes First," she advocates an adequate diet for people of all ages. This is a diet which includes plenty of high protein foods—meat, poultry, fish, eggs, milk, cheese — along with fruits, and vegetables, cereals, and fats.

"Only in this way," she stated, "can we Americans improve our eating habits toward the goal of a healthier, better-fed nation."

will receive 50 million cubic feet of gas per day from the new line and the balance of the total capacity of approximately 200 million cubic feet per day will be delivered to other distributing companies mainly in the Chicago metropolitan area. As soon as a definite date of delivery can be established, Northern Illinois Gas Company will be able to make a substantial release of residential space heating authorizations.

Chandler said, "We are continuing to explore and expedite all other means of augmenting our capacity to meet our customers' demands for gas. Today's development is part of that constant search."

If all the telephone books printed in the U. S. each year were piled atop each other, the peak would tower 1,000 miles.

...there is no God like Thee
...Who keepeth covenant with Thy servants that walk before Thee with all their heart—
(1 Kings 8, 23.)

Loving God, living and being and moving in Him, is no part-time just-on-Sunday practice if we are to fulfill ourselves as His children. The truly blessed are those who love and obey Him "with all their hearts" every living moment.

Today's MEDITATION

from
The World's Most Widely Used
Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 10: 29-33.

In the world ye shall have tribulation: but be of good cheer; I have overcome the world. (John 16:33.) Some years ago, two of us were walking in the city of Nuremberg, Germany. A guide identified for us some of the historical buildings. He called our attention to the large St. Sebald Church. Over the door was a statue of Christ.

"You will notice," he said "that Christ is there represented as a strong man; prominence is given to His strength. We like to think of Jesus as a strong Saviour as well as a teacher."

Thinking on this idea, I remembered that the power of Christ is available to each of us today, even in situations where there are problems too difficult for us to solve or burdens too heavy for us to carry. He promises us that He will be with us always, even unto the end of the world. He bids us not to be afraid of tribulations since He Himself has overcome the world.

Prayer

We thank Thee, our Father, for the power offered to us in our Saviour, Jesus Christ. Help us to open our hearts to this power, that we may be able to withstand temptations and to be more than conquerors through Thy grace. We ask in Jesus' name. Amen.

Thought for the Day

I can do all things through Christ-who strengthens me.
—Milton C. Davis (Mexico)
Daily Bible Reading—Psalm 148: 1-14.

How many of these electric helpers have you added since 1947?...asks LITTLE BILL

□ □ □ □ □ □ □ □

You're an average family if—in the postwar years you've added six new electrical appliances. Shown here are a few typical examples.

This is why you're using far more electricity nowadays than you did a few years ago. And why life is a lot easier. But of all the things you buy today, electricity has gone up less than almost anything else.

So, while your bill may be a little higher, electricity is actually doing nearly twice as much work for the money now as it did years ago.

See how little it costs to run each of these electric helpers.

- a—Your TV set—2 hours for 1¢. The world's finest entertainment for pennies a day.
- b—Air conditioner—only 2 1/2¢ an hour. This 1/4 ton unit cools, dehumidifies air in 2 big rooms.
- c—Record player—5 hours for 1¢. 16 long-playing albums played for a penny's worth of electricity.
- d—150-watt lamp—3 hours 1¢. Good reading light costs only pennies a week.
- e—Radio—5 hours for 1¢. Entertains you while you work for just pennies a week.
- f—Floor polisher—2 1/2 hours for 1¢. Waxes, polishes floors to a bright, shiny finish—saves hours of work.

Other appliances shown include:
(g) electric train—8 hours of fun for just 1¢. (h) electric clock—accurate time for a penny a week.

"Electricity costs less today, you know than it did 25 years ago!"

Mr. and Mrs. Norman Robers and family were Sunday supper guests of Mr. and Mrs. Marc Bogart, East Troy.

Mr. and Mrs. Herman Frank spent Sunday evening with Miss Madeline Friedhoff, Kenosha.

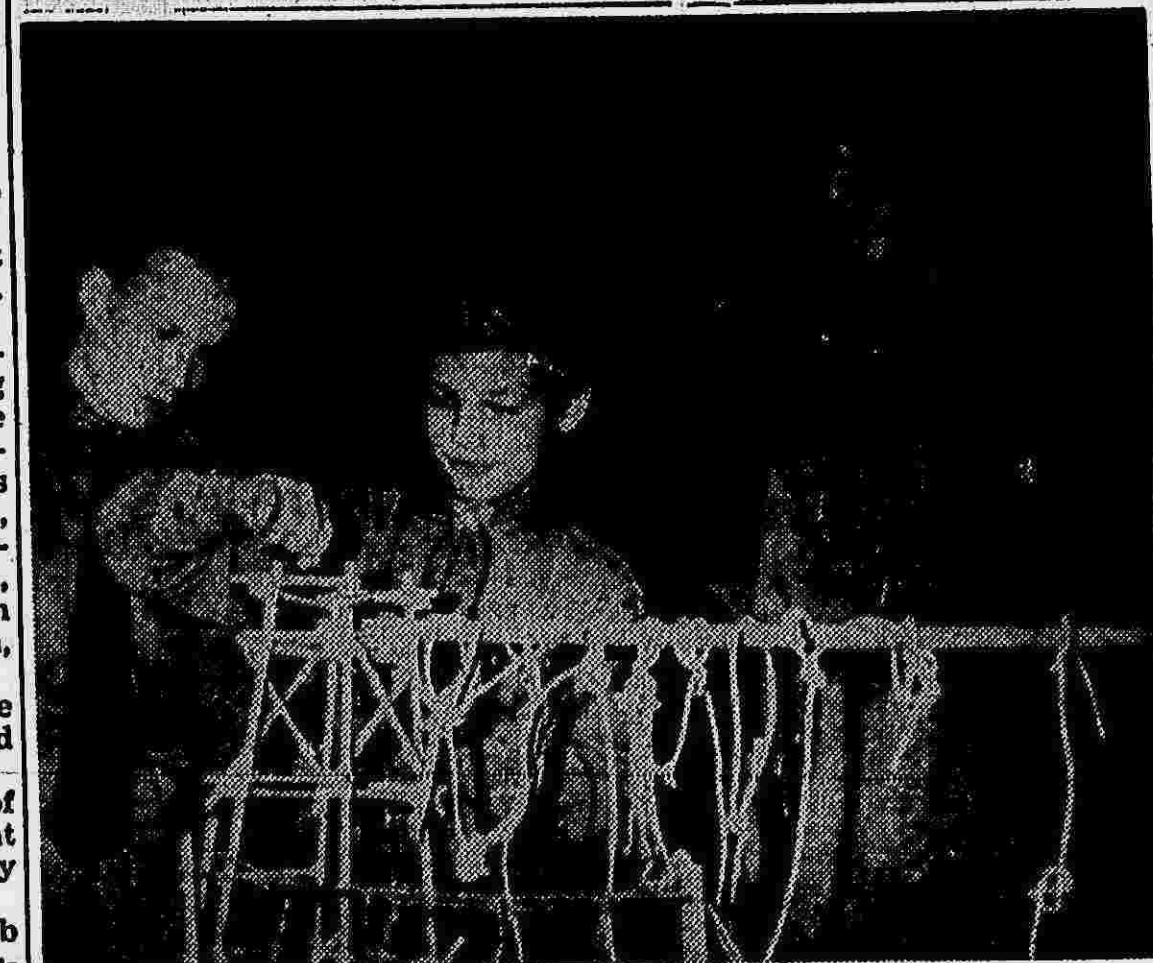

Anniversary Mass

Anniversary mass will be said for Lt. Anton J. Cermak Graham in memory of his 38th birthday on March 11, at St. Peter's Catholic church in Antioch.

He was the son of Mr. and Mrs. Richey V. Graham of 1341 Park Ave., River Forest and Channel Lake, and grandson of the late Mayor Anton J. Cermak of Chicago.

Jim Berg, of Troop 92, Antioch, steps down the "monkey bridge" or rope bridge which he and other members of the troop built for the Scoutarama Saturday at the Lake County Fair Grounds. At right rear is Ernest Frank, who also helped build the bridge. The rope bridge was a popular attraction with other young Scouts and small fry who lined up to cross it, including one little girl who went over it innumerable times for an hour and a half straight. As soon as she got off she went back to the end of the waiting line.

Models of pioneering projects are displayed by Scouts of Troop 84, Lake Villa. Left to right are Ralph John, Frederick Molla, and George Hanson. The display also exhibited various types of knots at the annual Scoutarama Saturday at the Lake County Fair Grounds.

Congratulations to Mr. and Mrs. John Walsh on the birth of their fourth child on March 1. He was named Joseph Michael and he weighed 8 pounds 8 ounces. He has two sisters and a brother at home, their names are Terry, Karen and Johnny.

The Lindenhurst police met Tuesday, Feb. 25, in the home of officer James Hartwig. This is to be a twice monthly meeting to discuss any problems that may come up. They will meet on alternate Tuesdays at the home of Magistrate Ray Caldwell, to study laws in order to keep our department up to the minute on any changes.

Bowling results of February 26: Slove's won three games from Klima's; Wolff's won two from Engle's; Fred Maier's won two from Frolik's.

Don Ringstmeier shot 565 for high series and Lee Lewis shot 234 for high game.

Standings	W	L
1—Wolff's Resort	46½	25½
2—Slove's Bakery	43	29
3—Engle Realtors	34	38
4—Klima's Resort	31	41
5—Frolik's Club Villa	30½	41½
6—Fred Maier Service	30	42

The executive board of the Ladies' Auxiliary to the Lindenhurst Men's Club meeting was held Sunday in the home of the president, Grace Slove. Bud Barnes, board member of the Men's club represented them. The next board meeting will be March 30th in the home of the vice-president, Babe Hartwig. The March meeting of the Auxiliary will be March 13 in the American Legion hall.

Saturday evening visitors in the home of Mr. and Mrs. John Selzer were Allan Molitor and George Ashford of Skokie.

Mr. and Mrs. Frank Simecek were week-end visitors in the home of their son and family, Mr. and Mrs. Royce Johnson of Chicago.

The Ladies' Pinocle club met Friday, February 28 in the home of Mrs. John Slove.

The Q. T. Social club met Feb. 25 at the home of Mrs. Ray Caldwell.

Linda Matthias, daughter of Mr. and Mrs. August Matthias, underwent surgery recently in St. Therese hospital. She is now convalescing in her home.

Congratulations to Mr. and Mrs. Richard Gorski of Plum Tree Rd., who became the parents of a boy Feb. 12 at Lutheran Deaconess hospital in Chicago. The new-comer's name is Gary Allen. He has two older brothers, Ricky and Randy at home.

Ricky Graves, son of Mr. and Mrs. Lowell Graves, was the guest of honor at a party given by his mother to celebrate his 4th birthday March 1. Ricky and his seven guests enjoyed an afternoon of games followed by cake and ice cream which was far and away the best part of the day. There was a family party on March 4.

Congratulations are being received by the Walter Sarans on the birth of a 9 pound 12 ounce boy, their first son, on March 2 at the Cuneo hospital in Chicago. The young man has three sisters impatiently waiting at home.

Deering in Caribbean
CARIBBEAN SEA (FHTNC)—Navy Lt. (jg) David S. Deering, son of Mrs. David N. Deering of 1055 Victoria st., Antioch, Ill., is taking part in the annual Atlantic Fleet "Operation Springboard" with Patrol Squadron 10 in the Caribbean Sea.

The operation, which began in late January and will continue through March, is designed to join units of the Atlantic Fleet for training in combined combat readiness.

This Was Main Street Before It Became Route 21-83

Many of the houses of South Main street seen in this picture are still in excellent condition today. The gravel street is now paved and with the street went some of the nice shade trees, although most of them too are still standing. The tower-like building in the distance is the Methodist Church.

Winter Heating Cost
Classed as Normal
By Gas Company

Heating bills will be higher this winter than last, according to a spokesman for Northern Illinois Gas Company. The current season to February 25 was almost nine per cent colder than last year and about the same as "normal."

"Normal" weather, based on an average of 25 years from 1928-29 to 1952-53, is computed in terms of "degree days". Number of degree days indicates relative amount of heat required.

A degree day is determined by averaging the 24 hourly temperatures from noon to noon—a gas company "day". This average is subtracted from .65 (the temperature below which homes usually need furnace heat) and the result is the number of degree days.

Thus, from noon February 16 to noon February 17, when the 24-hour average temperature was two degrees below zero, the utility chalked up a 67-degree day—coldest

day recorded since the 67 degree day of January 16, 1957.

The present season total to February 25 was 4,541 degree days, approximately the same amount of cold as the normal 4,545 for the same period, and nearly nine per cent colder than last year's total of 4,168 to the same date. A total of 6,310 degree days is the quarter-century average for a full year.

This season's most severe temperatures were recorded in the 13-day period of February 7-19, when Northern Illinois Gas broke its previous 24-hour gas send-out record six times. The January 16, 1957 high of 461 million cubic feet was exceeded this winter on February 9, 10, 11, 12, 17 and 18. A new record of 508 million cubic feet was established in 24 hours ending noon February 17.

Each day of that 13-day cold spell was an average of 24 degrees colder—more than 72 per cent—than the same period a year ago.

The month in which customers' bills are affected will depend upon when their meters are read. For example, meters read in late Janu-

ary produced lower heating bills for December and January (if all circumstances other than weather were similar) because those two months were more than 13 per cent warmer

**+ BLACK DIRT
+ GRAVEL
+ SAND
+ FILL
M. CUNNINGHAM
CARTAGE**
Prompt Service Phone 419
E. North Ave., Antioch, Ill.

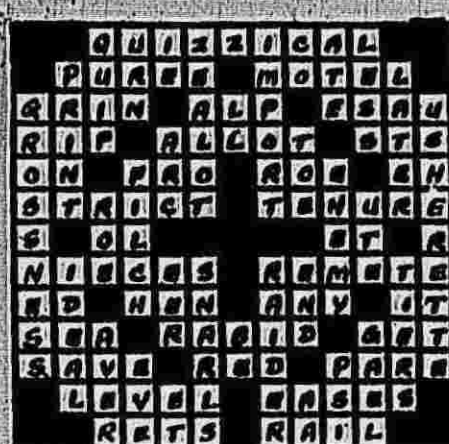

this season than in 1956-57. Of course all bills vary with size of homes, heating habits, number of appliances, amount of insulation, and number of persons occupying the homes.

But these same meters read in late January will be read again in late March in the utility's bi-monthly billing system. When these homeowners receive their bills in early April, when perhaps it's warm and balmy, the extreme cold of February, in evidence on the bills, may have been forgotten by the customers.

Northern Illinois Gas fully utilizes available weather data when forecasting the amount of gas needed by its approximately 600,000 customers in the utility's 20-county service area. Accurate estimates of number of degree days, corrected for wind and other weather factors, assure customers that gas is always available, no matter how cold the weather is.

If you want to sell — phone 43 or 44 and tell.

Over the nine-year 1948-56 period, workers' wages rose an average of 61.4 per cent. Average productivity per worker, on the other hand, rose only 20.1 per cent. The difference was in large part made up by increased prices.

(Puzzle on page 12)

The Antioch News and the Antioch Theatre invite August Knerim, Rte. 4, Box 528, Antioch, Ill., and one to attend Sunday, Monday or Tuesday's showing of "Sayonara" at the Antioch Theatre.

HAVE YOU EVER THOUGHT
ABOUT THE CHURCH?

Have you ever considered the Episcopal Church? The Episcopal Church has a long history, an unbroken Apostolic Succession from Jesus Christ, the Son of God. The Episcopal Church keeps that Ministry and those Sacraments ordained by Christ Himself. The worship of the Church is the most worthy that men can use to reach God; the devotional life of the Church is rich, to satisfy the soul longing for God. The Anglican or Episcopal Churches hold to Catholic and Apostolic faith and order, without addition or subtraction.

This and more about the Church will be explained in Confirmation classes which for adults will begin on Sunday evening, March 16th at 8:00 P. M. Confirmation classes for children will begin on Saturday afternoon, March 22nd, at 2:00 P. M. All interested persons are cordially invited to attend. There is no obligation. There need be no hesitation. Over half the growth of the Episcopal Church is through converted adults. Interested persons may call the Rector, Father Edmond E. Hood, at Antioch 652.
